

Seventh, Eighth Grade Students May Leave H. S.

Questionnaires Will Be Out So Parents May Voice Opinion In Study

The possibility that students of the seventh and eighth grades, now attending classes at the Tahoe-Truckee High School, may be returned to their respective elementary school in the unified district, looms as a result of a meeting of the governing board of the school last week.

Following a discussion by Superintendent E. V. O'Rourke, who pointed out the facts and figures concerning costs and educational advantages and disadvantages of educating seventh and eighth grade students in the elementary schools, the board instructed him to prepare a questionnaire to be mailed to all parents of children now enrolled in grades from kindergarten to seventh grade.

The questionnaire is designed to obtain the attitude of parents toward educating students in the high school or returning them to the elementary school.

The board will make a careful study of these questionnaires when they are returned and will establish a policy based on their findings.

Purchase Property

The board voted to purchase 30 acres of land adjoining the present high school property from G. E. Lewis for the price of \$17,000. The land is required for the erection of a proposed new Truckee elementary school building, plans for which are being drawn.

Church Question

A request by Father P. J. O'Neill and Rev. Wesley Osman that time being taken off for religious training during school hours did not meet with the full approval of the board and members expressed the opinion that time in school should be devoted to school studies. It was decided that if parents wished to have their children leave classes for church school, they should be willing to provide transportation for the child at the time when the child would be absent from school.

However, this matter, too, will be included in a questionnaire to be mailed to parents for further study.

Robert Beaverton was employed to replace Lincoln Dempsey as driver of the school bus from Tahoe to the high school.

The board agreed to purchase a new bus in the fall to replace a 1938 GMC.

Officers Are Elected At PTA Meet Here

Last Thursday the high school PTA held their annual election and installation of officers. Mrs. George Kenyon of Truckee was elected president; Con Briner, second vice president; Mrs. C. A. Robertson of Kings Beach, secretary; and Mrs. Jerry Little, Kings Beach, treasurer. Mrs. Phil Woodworth, the director of Public Welfare for the third PTA district, traveled from Auburn to perform the installation ceremonies. The scholarship survey was presented and discussed, and final action was tabled until the April 14 meeting because the survey had not been completed. It was pointed out that our primary problem is still the attendance at the PTA monthly meetings. Mrs. Kenyon, the newly installed president, stated that she is going to put forth as much effort as possible to remedy this problem.

Those attending the meeting enjoyed a fine spaghetti dinner prepared by a committee headed by Mrs. Jerry Little, and admirably assisted by Mesdames Bob Madge, Bill Port, and Gene Thompkins.

BARNEY GILMORE IS CONTEST WINNER

KINGS BEACH—Barney Gilmore was judged the winner at the Kings Beach Lions Club speaking contest held Wednesday evening with Niki Wing and Diana Abbott as alternates.

Judges were Rev. Wesley Osman, R. N. Little, William McCloy, Mr. and Mrs. Phil Geier were timekeepers.

CARS COLLIDE

Cars driven by Mable Marriott of Crystal Bay and John Reedy of Truckee were damaged but no one was hurt yesterday afternoon three miles east of Hirschdale. Reedy was cited for not having his car under control by Patrolman William Gautsche after it ran into the rear of the Marriott machine which had stopped where road repair was in progress.

CAFE REOPENING

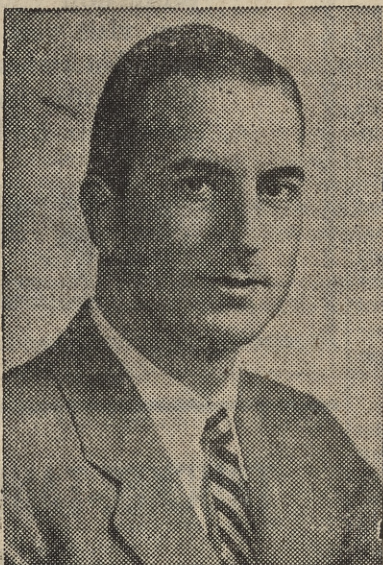

Brown's Cafe which has been closed for the past three weeks while the operators, Mr. and Mrs. Earl Brown enjoyed a vacation and had the kitchen and dining room renovated, will reopen tomorrow morning.

Club Speaker

Harlan L. P. Wendell

Rotary Clubs To Hold Joint Session

A joint meeting of the Truckee, Brockway and Tahoe City Rotary Clubs and the Truckee 20-30 Club will be held at Crystal Bay Lodge Monday at 7 p.m. where the guests speaker will be Harlan L. P. Wendell, public relations manager on the Pacific Coast for DuPont Company.

He will address the meeting on the subject "Progress Must Be Created."

The speaker will be accompanied by Lewis P. Shannon, of Wilmington, Del., who is DuPont's public relations manager.

The Brockway Club will be host for the evening with the Truckee Club, through Program Chairman Jim Sherritt, providing the program. Rotary's district governor, W. E. Jansen of Auburn will attend.

Wendell will document the story of American progress and point out the factors which create that progress. He will show by examples how Americans have unlocked the door to production.

In September, 1953, Wendell was appointed public relations advisor to Mrs. Oveta Culp Hobby, secretary of health, education, and welfare in the Eisenhower cabinet. He was given a year's leave of absence, without pay, from DuPont to accept that position.

Herbert Copelands Are Parents of Daughter

Early on St. Patrick's Day, Stephanie Vera arrived at Tahoe Forest Hospital for Mr. and Mrs. Herbert Copeland. The bonnie lass weighed eight pounds, and nine ounces at birth. Dr. George Hahn was the attending physician.

Mrs. Copeland is the former Miss Margaret Davidson.

Baseball Films Shown At Meeting Of Lions

Films of the 1954 World Series highlights were shown at the Lions Club meeting last night at Donner Lake Lodge by Charles Berlenbach, telephone company manager, who was the guest speaker.

Preceding the program, members enjoyed a crab dinner. Earl Stice presided and other guests were Bob Frank and Charles Cozzi of Truckee.

Vaughan Promoted

Orval Vaughan formerly of Truckee received promotion in February to that of supervisor of plant quarantine, with headquarters in Sacramento.

Vaughan with his family left here last year for southern California when he received an earlier advance in the state service.

The Vaughans will establish their home in the Capital City after school is closed in June. He was a local visitor on Saturday.

GETS LICENSE

SACRAMENTO (CNS)—The contractors state license board announced that Metal Products Co. of Truckee has qualified for a sheet metal contractors' license.

Mild Weather

Continued mild weather with no precipitation featured the local weather picture during the past week. All roads are open and normal and the forecast is for continued fair weather.

Warning At S. P. Crossing To Be Installed Soon

Cost of Project Will Be
Shared By County,
State, S. P.

Work is expected to start in the near future on the warning signal at the Southern Pacific crossing on Bridge Street.

Supervisor H. G. Loehr said that a crew from the railroad is expected here this week to make preparations for installing the flashing lights and signals to protect motorists and pedestrians using the road over the tracks.

The project is estimated to cost \$16,000 with the Southern Pacific financing half and the county and state paying \$4000 each on the balance. The work will be done by the railroad.

At the same time Loehr said he was communicating with state division of highway officials relative to the possibility of installing a stop sign at the highway and Bridge street to protect motorists waiting for the crossing signal to clear. The supervisor was not certain that the state would agree to such an arrangement since it would involve stopping traffic on a freeway.

CAROL STREET WINS ESSAY CONTEST ON HOME TRADE

Trade at Home essays written by students of the Tahoe-Truckee High School were read by the authors at Monday night's meeting, with the judges proclaiming the one prepared by Miss Carol Street the winner.

This essay in its entirety appears on another page of the Sierra Sun today.

Second place went to Miss Carol Levy, third to Miss Judy Loynd and fourth to Miss Loma Sorensen.

The Rotary Club sponsored the essay contest as a step in adding proof that trading at home is profitable, and the essays bore out this fact. The contestants were presented with their trophies by Rex Thomas.

Alvah Hooper presided at the session and Everett O'Rourke officiated as master of ceremonies.

Next Monday the club meets with Brockway and Tahoe City clubs at Crystal Bay.

The local club will observe the Golden Anniversary and Charter Night at Donner Lake Lodge on March 28 at 7 p.m. The ladies are invited and a Rotary 50th anniversary film will be shown.

SUCCESS MARKS BENEFIT DINNER

The fire department cleared in the neighborhood of \$600 from the benefit dinner held Saturday at the high school cafeteria and the cocktail party at Cozzi's, Chief N. F. Dolley announced.

The excellent dinner and entertainment was such a success that firemen are contemplating making it an annual affair.

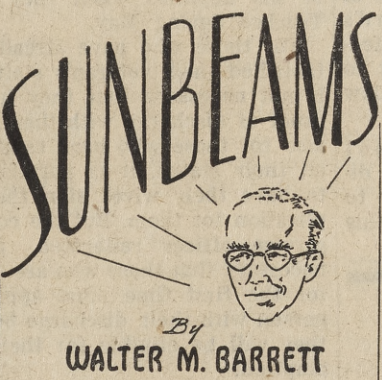

In expressing appreciation for the fine cooperation in handling and patronizing the program, the firemen emphasized the assistance given by the chefs, Marian Zwart, Reg Smart, Hal Welch, Earl Zwart, and Essie Polyanich and to Hugh Smith and the orchestra and cast in the entertainment as well as to the Girls Scouts and others who donated their time and talents.

O'Rourke Is Named In Educational Year Book

A recent addition to the Tahoe-Truckee Community Center Library is the sixteenth edition of "Who's Who in American Education," containing biographies of Americans prominent in education or closely allied fields, or who have made notable contributions to the advancement of education. Listed in this book is the name of Everett V. O'Rourke, superintendent of the Tahoe-Truckee Unified School District.

Bornemanns Here—

Mr. and Mrs. Tom Bornemann and sons of Stockton were houseguests of Mrs. Cecil Clepper last weekend.

The benefit dinner and show sponsored by the fire department Saturday night to finance building materials for the new fire station was an exemplification of what can be accomplished through community cooperation. The affair proved a social, as well as financial, success and won the approval of all attending. Naturally, a lot of hard work went into the preparation and presentation of the dinner and program, but the end justified the work and we believe the members of the fire department as well as others who contributed to the success of the affair are entitled to a word of praise.

Another organization which should come in for a big bouquet this week is the Truckee Athletic Club for its wholehearted support in presenting a full season of basketball and skiing. The basketball season ended this week with the awarding of trophies, concluding an enjoyable few weeks for both spectators and players and a special word of thanks goes to Al Wakefield, the chairman of the basketball committee. Al leaves Truckee for his new home shortly, but his efforts over the years will be remembered.

May we urge you all to read the trade at home essay prepared by a high school student, which appears in this issue of the Sierra Sun. We are sure you will profit and we are equally sure your local business people appreciate this effort by the Rotary Club and students in attempting to point out advantages of patronizing local concerns.

Edith Welch, most excellent chief presided at the March 10 meeting of Summit Temple, No. 79, Pythian Sisters. Refreshments were served by Donna Songer and Icelene Kohl.

The following evening Mrs. Welch, D.D.G.C., accompanied by Mrs. Kohl, Mrs. O. Schumacher, Mrs. Charles Heller and Miss Ella Waters made an official visit to Veritus Temple in Colfax.

A large group of officers and members from Sacramento temples went by bus to attend the ceremony.

Attends Funeral

John Reedy returned from Bullhead City, Ariz., to attend funeral services on March 13 which were held for Mrs. C. E. Farrar at Reno. Mrs. Farrar and her surviving husband are well-known here where they have spent part of several years and had nearly completed a large house at Donner Lake.

RESUME MEETINGS

Donner Council No. 13, Pythian Sunshine Girls, met last night with renewed interest after two months of winter recess. The meeting was well attended with Sharon Pace presiding in the absence of Royal Princess Janice Notley. The next meeting will be obligation night on April 6th. A treat of candy was provided by the royal adviser, Paul Heller.

FATHER EXPIRES

Sgt. Ed Freeman returned home from southern California this week after attending the funeral of his father who expired there last Monday after a lengthy illness. The elder Freeman was 75 years of age.

Recovers—

Ermin Hintz who was confined to his home last week with a severe attack of influenza, was back on his job with the Truckee Public Utility District this week.

Relatives Visit—

Dr. and Mrs. George Hahn had her brother-in-law and sister, Mr. and Mrs. Nelson Knudsen of San Francisco as their guests during the weekend.

Water Bill Aimed At Solution In Washoe Protest

Agreement Expected From
California, Nevada
Under Compact

WASHINGTON—A bill designed to end differences between California and Nevada about the use of high Sierras waters in the Lake Tahoe vicinity has been introduced in the senate by the four senators from the two states.

In response to requests from Sacramento, Senator William F. Knowland of California last week submitted a measure that would grant the consent of congress to negotiations toward an interstate compact and provide for appointment of a United States representative to sit in on the discussions.

Senators Thomas H. Kuchel of California and George Malone and Alan Bible of Nevada were listed as co-authors of the proposal.

An interstate-agreement will be sought covering the distribution and use of waters of the Truckee, Carson, and Walker rivers, Lake Tahoe, and tributaries. Measures to bring about negotiations are pending in the California and Nevada legislatures.

A compact is considered necessary in order to clear the way for congress action to authorize proposed irrigation projects on the eastern slope of the Sierra Nevada. A bill calling for \$41,700,000 project to serve the Carson and Truckee basins has been introduced by Senators Malone and Bible. The proposed works would serve an estimated 50,000 acres and has drawn some objections from California groups which fear damage from lowering of waters of Lake Tahoe and destroying power potentials on the Truckee River as well as damaging fish life in streams.

Wetbacks Nabbed In This Area As U. S. Patrol Makes Drive

Three Sacramento area border patrol officers have completed a roundup of 35 wetbacks in the Sierras, a venture which involved snowshoes.

Vance Umphress, patrol inspector in charge, said it was the first time the patrol had gone into the remote railroad camps in the Sierras to arrest Mexican nationals who had illegally entered the United States or remained here after their visas or work contracts expired.

The officials made surprise arrests at six camps along U. S. 40, from Truckee to Auburn; Andover, Eder, Norden, Troy, Cisco Grove, and Crystal Lake. Operating at night, the officers donned snowshoes to get through the drifts into the camps, often located several miles from the highway.

Wyethia Club Plans Busy Session Friday

Mrs. Charles Heller will preside at the regular meeting of the Wyethia Club to be held in Capitol Hall at 8 p.m. tomorrow evening. Reports will be given on convention dates and the re-organization program will be discussed, according to Mrs. Fred Pedley.

Mesdames A. Benjamin, R. Budle, E. Bavier, F. Pedley will be hostesses for the St. Patrick's Day program, with refreshments carried out in the chosen motif.

Food Sale

Summit Temple, No. 79, Pythian Sisters members will be doubling bus on Tuesday, March 22 when they hold a pastry sale at Duane Freeman's Do-Nut Shop and food dishes will be sold at Truckee Mercantile. The selling will start simultaneously in the two places at 10:30 a.m. Those willing to contribute to the double event may call Mrs. Jack Ellis at 25 or Mrs. Hugh Weinand at 312-W.

ATTEND CONFERENCE

Dr. and Mrs. D. W. Throckmorton of Sacramento, the former district superintendent for the Methodist Churches, were here yesterday and were accompanied by Rev. Wesley Osman to Reno where they attended a church conference.

Annual Carnival At High School Slated March 25th

The Tahoe-Truckee High School student body will present their annual carnival in the high school gymnasium Friday, March 25. This carnival is the only fund raising event sponsored by the high school student body as a whole.

The purpose of the carnival is to raise funds to help meet the cost of the high school annual. Adults and students are admitted free of charge. Each Core class will manage two booths. Refreshments will be served throughout the evening, and entertainment is planned.

Faculty members, George Boyle and Robert Madge, are serving as co-chairmen of the carnival, and student committees are functioning under the direction of Jay Stuart, student body president.

As a part of the entertainment program planned, the drama class, under the direction of Hugh Smith, will present a pageant depicting the historical heritage and color of the surrounding communities.

Leitch Honored For Long Service

A. P. (Art) Leitch, former manager of the Truckee district office for the Pacific Telephone Company and now in a similar capacity at Placerville, was signally honored at a luncheon meeting of company officials at the Elks Club in Sacramento Tuesday when he was presented with a pin denoting 35 years of service with the company.

The presentation was made by W. E. Williams, division manager, with District Manager Roy Lundin, acting as toastmaster.

Twenty four of Leitch's 35 years with the company were spent in Truckee where scores of friends will join in extending sincere congratulations for the most recent honor.

Leitch's career with the telephone company started in Sacramento in 1920. Before coming to Truckee he was manager at Selma and later at Woodland. He left here two years ago.

CLUB SKIERS MAKE MARK AT MEET

Truckee Athletic Club skiers took third place in both men's and women's division of the Class C, only races held at Donner Ski Ranch on Sunday.

Placing third in the men's division was Noel Cox while Mary Ann Tonini was also getting a third place for the women.

Bob Tonini and Jerry Quam had chances of placing in the top positions, but bad spills spoiled their chances. Hurt in the race was Jack Lambres, organizer and coordinator of the TAC team. It is hoped the injury is only temporary and that Jack will be able to resume skiing soon.

This Sunday the jumpers of the TAC team will journey to Cisco for the long postponed Far West Ski Association jumping championships. Competing will be Herb Copeland, Jimmy Harris and Wynn Killian.

Alberta Cooper, Al Schell Wed At Reno

Miss Alberta Cooper became the bride of Alvin Schell on Monday at a ceremony performed in St. Luke's Episcopal Church at Reno. Miss Mary Ann Tonini and Ed Schell of Woodland, brother of the bridegroom attended the couple during the nuptials, witnessed by the immediate families.

A dinner for the bridal party was given in Sugar Bowl Lodge. Mr. and Mrs. Schell will make their home at Donner Lake.

Marcia Leamon Feted On Birthday Friday

Marcia, daughter of Mr. and Mrs. Robert Leamon was the incentive for a dessert and Donner Theater party, on her eighth birthday, March 11. Small guests sharing the evening included: Sheila Larrievie, Norine Wunsch, Liane Kay, Sharon Donnis, Judy McGwinn, Richard Donnis, Barry and Bruce Leamon.

Legion Hoopers Win Trophy In TAC City League

Awards Made To Players
As Basketball Season
Ends Locally

Finally pushing ahead in the closing minutes of play to beat off a fiercely fighting Donner Club team, the American Legion Monday night won the Truckee Athletic Club tournament championship with a thrilling 45 to 28 victory.

Al Wakefield and John Rablin set the scoring pace for the winners with 15 and 14 points respectively. Bob Tonini led the losers with 13. Neither team could hit in the frigid first half which saw the Legion on top by four points.

In the consolation game, the St. Louis Cafe had little trouble defeating the 20-30 Club, 58 to 44. Joe Copeland was top man in scoring for the cafe with 20 points, while Ken Gordon led the service club with 14.

The upper bracket game Thursday night saw the Donner Club edge the Lions, 58 to 57 and in the lower bracket the St. Louis scored and easy 59 to 38 win over the Tel-Cos.

In the semi-finals Friday night, the Donner Club was again victorious as they dumped the powerful 20-30 Club 52 to 44 in the upper bracket and the American Legion fought off a last quarter rally to take a 53 to 51 win from the St. Louis in the lower bracket.

After the championship Monday, Dave Morey, president of the TAC, presented trophies and awards to the following teams and players:

League Awards
Championship revolving trophy: American Legion, 9-1 record.

High score awards: Al Wakefield, 300 points for 30 points per game.

Free throw award: Joe Copeland, 18 out of 28 for .642.

Championship: American Legion. Runner-up: Donner Club.

Consolation: St. Louis Cafe.

Sterling silver basketballs were presented to each player on the American Legion team. They are Frank Giovannoni, Humbert Ciardella, Don Jackson, John Rablin, Charles Smith, Bill Spratt and Al Wakefield.

Gold basketballs were awarded to the following tournament teams which consisted of eight outstanding players picked from the first four teams in the tournament: Don Jackson, John Rablin, Al Wakefield, Les Davidson, Bob Tonini, Joe Copeland, Jack White and Ken Gordon.

The outstanding player award and most valuable player went to Les Davidson of the Donner Club.

The players expressed their thanks to the TAC, the high school and others who participated in making the season a success.

Wakefield Thanked For Basketball Work

Daven Morey will preside at the meeting of the Truckee Athletic Club to be held Monday evening at 7:30 at the State Quarantine Station.

The club has just completed a successful basketball season and has extended a vote of appreciation to the chairman, Al Wakefield, for his tireless efforts in organizing and managing the league. Wakefield, who is leaving Truckee to work at Roseville, has been one of the most ardent club workers and he will be sorely missed.

Escaped Prisoner Held By Truckee Officers

Frelon Morris, 35, who escaped from a Sacramento County road camp Friday night was apprehended here Saturday morning by State Patrolmen Martin Sturcke and Roy Stallard and was being held in the Truckee jail pending disposition of his case. He was serving a term for drunk driving.

Easter Program For Sugar Bowl Planned

SUGAR BOWL—Preparations are underway here for the gala Easter holiday. Prizes for the Walt Disney Trophy Race for juniors up to ten will again be autographed prints of the well-known Disney characters.

There are seven feet of snow at the bottom of the chair lift with 11 at the top of Mt. Disney, with excellent skiing reported.

HOSPITAL PATIENTS

Local patients in Tahoe Forest Hospital this week included Mrs. Red Reid, who was expected to return home on Wednesday, Fred Kirk, reported recovering from an injury, Tom Dolley and Bobby Barber.

CAR OVERTURNS

Katherine Williams, Santa Barbara, escaped serious injury when the car she was driving overturned near Norden. She was cited by Patrolman Roy Stallard for driving without due caution.

AFFAIRS OF STATE

by Henry C. MacArthur

SACRAMENTO (CNS)—Despite the millions of dollars spent on California's system of state beaches and parks, the facilities generally are inadequate to meet the camping pressure and day use of the installations.

This information was contained in a conclusion of a state senate committee headed by Louis G. Sutton, state senator from Colusa, Glenn and Tehama counties, which made a two-year investigation of

the system.

Most of the beaches and parks areas are undeveloped to the extent of their potential capacities, the report indicated.

Further, the committee feels that the five-year program of the California State Park system is "too indefinite," particularly as to construction plans for particular beaches and parks. It feels that a definite state-wide pattern of capital outlay for the recreation spots should be set up.

The five-year plan was submitted to the legislature by the State Park Commission, which is headed by Joseph R. Knowland, Oakland publisher, and the State Division of Beaches and Parks, headed by Newton B. Drury. It contemplates the expenditure in five years of the returned oil royalty funds which were impounded by the federal government, and amount to nearly \$40,000,000 allocated by law to beaches and parks.

Gov. Goodwin J. Knight last year indicated he would favor divestiture of some of the money to other purposes, but only this

Veterans May Apply For Exemptions Locally

The county service officer today reminded the veteran population in Nevada County that they must file with the county assessor an application between March 7 and May 31, 1955 to be eligible to obtain the statutory \$1000 exemption on their taxes. For those veterans who are filing the exemption for the first time it will be necessary that they have with them a copy of their honorable discharge from the armed forces.

This should be taken to the county assessors office with them when they file for the exemption, or made available to the assessor or his deputies when they visit Truckee during May.

For those who have already established their veteran's status, it is not necessary that they have proof of discharge with them, and also for those who have established their status, it is permissible to have their wives sign the application for them. But the county service officer reiterated, it is necessary that those who are filing for the first time must apply in person with their discharge before they will be eligible for their exemption.

BROWN'S RULING TO AFFECT NEVADA TRUCKS IN AREA

Attorney General Edmund G. Brown ruled Nevada owned and registered commercial trucks must have California registration and pay California fees when operated in this state.

He pointed out that Nevada requires California trucks to pay a public service commission fee when operating in that state, even though the operation is not on a common or contract carrier basis.

The ruling was in reply to an inquiry by Paul Mason, state director of motor vehicles.

Formerly Reciprocal

Brown quoted the California law requiring such registration by out of state commercial vehicles and called attention to the reciprocal arrangement to the states which had permitted interstate operation without registration.

"Heretofore the State of Nevada," Brown said, "has informed the registrar of motor vehicles that since California granted to Nevada residents the use of its highways without registration and payment of fees, residents of California could use the Nevada highways free from registration and fees."

Tit for Tat

"The registrar now has been informed by Nevada officials an owner of a commercial vehicle bearing California license plates, regardless of whether the vehicle is engaged in common or contract carrier operations, must secure a license from the public service commission and pay a fee before operating in Nevada."

The opinion concludes the Nevada Public Service Commission has full legislative authorization to enter into complete reciprocity arrangements with California in respect to commercial vehicles.

Studies of clove oil have shown it stimulates the flow of gastric juices, and is non-injurious to the lining of the stomach.

The Ferry building at San Francisco, historic landmark at the foot of Market street, survived the 1906 earthquake and fire.

Approximately 70 per cent of the salt produced in the San Francisco Bay area is sold as crude salt for industrial purposes.

month, retracted and advocated that all the funds presently allotted to beaches and parks should be used for that purpose. However, the question of a different percentage allocation was left open by the governor.

Sutton's report advocated use of the returned tideland money for beaches and parks, but suggests that the present formula, which gives the system 70 per cent of the oil revenue, be continued at least until the next regular session of the legislature in 1957. This, the report states, would permit a comprehensive construction program and capital outlay plan for the benefit of the entire state.

"Your committee," the report says, "recommends that the California State Park System five-year program, approved by the State Park Commission December, 1952, be revised to give all section of the state more assurance of state park availability, together with more definite construction timing."

The senate investigation, therefore, would indicate that the committee, at least, is far from satisfied with the plans Drury's division has developed during the past two or three years. Pertinent criticism of the division's activities in the past has been that it spends more money on houses for its employees than it does for camping sites for the public and that it has centered primarily on acquisition of new lands, rather than developing what it already has for beneficial use of a recreation-hungry public.

There has also been criticism of the park commission's practice of maintaining much of the park system in a "natural state," which means the area can't be used by the public up to the limit of its capacity. Literally thousands of its people have been turned away from state parks during the camping season, many of whom could have been accommodated but for the "natural state" policy of the park commission.

Among other recommendations, the Sutton committee suggests further study of a possible need for a central agency in state government to co-ordinate efforts of privately financed tourist agencies for an information clearing house.

Failure To Provide Charges Are Filed

Joseph A. Breyer, 46, a resident of Kingsvale Park near Donner Summit, was arrested at Soda Springs by sheriff's deputies.

Breyer is charged with violation of Section 270 of the Penal Code (failure to provide) by the Los Angeles County Court.

Five hundred dollars bail was posted by Breyer who will appear to answer charges at a later date in Redondo Beach Municipal Court.

NEWS NOTES FROM TAHOE

By Ethel Joslin Vernon
Box 636, Tahoe City.
Telephone Tahoe 62

After a cloudy and windy beginning, the weekend weather cleared over the Tahoe area and turned warmer. Sunday dawned bright and sunny and down along the lakeshore commons the snow was almost gone from the ground, and flocks of robins and mountain sparrows were beginning to take over for the season. They even

seemed to be finding some worms in the sun-warmed hillside earth. We think maybe spring has either sprung, or is just getting ready to spring!

See Blast

At the early hour of 5:20 a.m. on Saturday, Front street Tahoe City residents watched the latest atomic bomb light across 14 miles of water, above the eastern mountains. It rose in a rose-orange glow all across, and high up on the eastern sky, making a spectacular background for small, scattered clouds for about one second. Residents who have second-story windows facing the lake were afforded a short but beautiful view. Mrs. Marie Henry had her camera

set and ready, and she snapped the shutter too, but she said she couldn't be at all sure whether she really took anything until the negative is developed.

Benefit Dinner

On Friday evening at the Community Center Hall the Lake Tahoe-Squaw Valley Ski Club gave a benefit dinner and entertainment, with Mrs. Blanche Donaldson of this city in charge. The dinner was a sumptuous affair of turkey with all the trimmings, and a choice of very tasty fish-plate dinner for the many who are observing Lent at this time. Mrs. Donaldson was assisted with the work of the evening by Mrs. Gordon Butterfield, Mrs. Ric Giannini, Mrs. Ray Fellows and several others. The considerable amount of funds gathered from proceeds of the dinner and from progressive auction and a number of donated prizes, is to be used to help send the club's young skiers to the later winter ski meets all over the country, including various Olympic tryouts. For this purpose the Placer County Board of Supervisors added \$50 to the fund, and the Tahoe City Rotary Club has donated a \$100.

Makes Good Mark

The Tahoe Ski Club's young ace skier, Lewis Fellows, accompanied by his father, was finishing up on the first lap of his scheduled sports tour during the weekend at Franconia, N. H. Following the special Olympic's tryout giant slalom there on March 11, Lewis sent a message to his mother in her Carmel Bay home saying

he had placed 13th in this event, competing with a field of 85 skiers. On the following day he was to compete in the second tryout events to be held in this area. While her son and husband are away Mrs. Margey Fellows has her parents, Mr. and Mrs. Sherman Chappell of the Bay area to keep her company in her lakeshore home here.

Ski Accident

During the closing lesson of the season for the School Ski-Craft up in Squaw Valley last week, a third grade student of the Tahoe Lake School had some very bad luck on the ski-tow. She was nine-year-old Kem Turner, daughter of Mr. and Mrs. Frith Turner of Homewood who sustained a painful spiral fracture of the leg bone below the knee. She was treated by Dr. Hahn at the Tahoe Forest Hospital, where the bone was set and enclosed in a cast. She is now convalescing in her home, and the doctor advises she will probably need to wear the cast for three or four weeks.

Ski Tournament

The annual University of California Vanderbilt Memorial Ski tournament was scheduled to be held in Squaw Valley over the past weekend. It is said to be the first time the valley has been awarded this event, which is usually held in the Donner Summit area. The memorial races have been staged annually for several years past to honor the memory of young Vanderbilt who lost his life on a ski trip to one of the upper lakes in the summit region.

Egg Hunt

The Tahoe City Fire Department will again sponsor the annual Easter egg hunt which is usually staged on Easter Sunday along the town's lakeshore commons. Plans are beginning to be formed for this event and high hopes are held that the presently remaining patches of snow will be gone by that time, and new leafage on weeds and shrubbery sufficient to hide many bunny eggs. Donations toward the expense of this affair will be gratefully received by fire department heads.

Over Air

One evening during the past week Tahoe City friends were pleasantly surprised to hear the voice of Fire Chief Al Henry coming over radio station KROW from Reno. It was that station's Sports Cast program broadcasting, and Al, who is joint manager with his wife, Jean, of the Granlibakken Ski Sports area here, had been invited to give a short talk in the line of snow sports. Throughout the winter season Granlibakken has been one of the busiest ski-spots in this entire mountain area.

Anniversaries

Mrs. Marie Henry received a newsy letter this week from Mr. and Mrs. Carl Wheat, former longtime residents who are now living at Las Vegas. The Wheat's sent their best to the many friends they left in this region, and said how they miss Tahoe. They celebrated their wedding anniversary last Monday, March 7, and that occasion also reminded them of several such parties they had enjoyed here. Among Tahoe wedding anniversaries during the past week were that of Joe and Betty Pomin of Tahoe Pines, who have not yet enjoyed so very many of these occasions, and Sam and Della Goss, recently of Lake Forest, who have celebrated the day over and over. In fact we have been informed that this was their fiftieth, and golden wedding anniversary. These two latter anniversaries occurred on March 9.

Recovers Health

Tahoe City friends this week received cheerful news concerning a Tahoe resident of the past who spent many years in this locality. She is Mrs. Alma Pierson, wife of Silas Pierson one-time manager of the Tahoe Mercantile which was destroyed by fire with the Tahoe City pier many years ago. Mrs. Pierson, who in recent years suffered a great deal of ill health after leaving the lake, now writes that she would like all her lake region friends to know that she is entirely well again and enjoying life to the fullest. She gives her address as 3000 Dana street, Berkeley, and would enjoy hearing from any friend or neighbor of the old days at Tahoe.

Start New Home

We hear this week that Mr. and Mrs. Robert H. Watson, old time Tahoeites who now winter at their Clarksville cottage, are on the verge of starting construction on a new home at Gold Hill. Bob is the younger son of the late Robert M. Watson, well-known Tahoe pioneer. May your new home rise swiftly to perfection, neighbors.

PTA Meeting

On next Friday night, March 18 the PTA is scheduled to meet in the auditorium of the Tahoe Lake School at 8 p.m. Everett O'Rourke, superintendent of the Unified Schools District, is expected to be on hand at this time, and will answer any and all questions in regard to the many phases of education in this area.

Capacity Crowds

A number of buses arrived in the Granlibakken ski sports area with the beginning of the weekend, loaded to capacity with students of eight colleges situated in as many different California cities. Their aim was evidently to enjoy the snow sports while they last, for on Sunday they staged a ski tournament in the canyon area, which was crowded to its limits with participants and spectators. They left for their various homes early Sunday evening.

Church Busy

The Tahoe Catholic Church, at Sunday's early mass, was crowded to overflowing with greatest number of worshippers since early fall. Father Brennan of Truckee was enthusiastic about the good turnout. He said that in Squaw Valley, where he officiates a little later on Sunday mornings, he usually has a congregation of around 150 persons. He said that within a year or two he hoped arrangements can be made to build a little chapel especially for the valley people. So far, services have had to be held in the lodge.

Fishing Date

Fishing in the California waters of Lake Tahoe will open this spring on April 1, a whole month earlier than usual. Following the opening to winter fishing in Nevada waters, California residents made a plea for all year fishing privileges also, and within the past two weeks they won their point. Local fishermen, especially long-time residents here, are overjoyed with the change in fishing regulations. They say there were more fish in the old days anyway, when there were no fish and game laws, and not even a license was required.

Farewell Party

On Saturday night in the Community Center Hall here the Women's Club sponsored a going-away

BROCKWAY ROTARY FETES ST. PATRICK

KINGS BEACH—The Rotary Club of Brockway celebrated St. Patrick's Day with a gala party on Monday night, March 14 at the Crystal Bay Club, with 52 in attendance. The management served a delicious ham dinner and the evening's entertainment was supplemented with games.

President Asa Abbott presided at the meeting which was later turned over to Jim Sergis, chairman for the evening.

To correct an error in regard to the club's annual Easter party for the children, the date is Saturday, April 9, at the Brockway Theater in Kings Beach.

H. A. Slade wrote from Cathedral City that he will be returning to Lake Tahoe about the first of April. He recently saw Mr. and Mrs. Dickson of Crystal Bay and the Warren Porters of Tahoe City.

The E. B. Lewis address has recently changed from Payette, Idaho to Baker, Oregon.

A lighthouse built on the highest peak of the Farallone Islands, called Stone House, is still standing.

DONNER TRAIL

We have been studying the dairy farm with our younger group, and next Monday we plan to all try and see if we can tell the difference in tastes between goat's milk and cow's milk. We will also try and make butter from goat's milk.

We saw a film on Thursday about some of the reasons why we should conserve our wildlife and natural resources. It was a story of small animals and their homes in the woods.

KINGS BEACH

Kindergarten and First Grade: We had several birthdays this week. Carl Christensen is now six years old and Chris Althof is seven.

Brenda Gallahan returned from

a vacation with her parents from Palm Springs, Las Vegas, Mexico, San Francisco and Sacramento.

Second and Third Grades: In our study of China, Mrs. Wing has divided the class into four groups with a project for each. Group 4, Products of China: Karen Critchley, Jerry Hill, Janet Mallory, Kim Molsberry; Group 3, Chinese kites: Larry Free, Bobby Ford, Brad Thompson, Arthur Waddell, Raymond Hill, Greg Thompson; Group 2, rice bowls: Suzanne Lucas, Wayne Mandeville, David Reed, Susan Graton, Amy Arndt, Carl Brooks, Donnie Decker; Group 1, coolie hats: Alton Clothier, David Mills, Marlea Draney, Dixie Lee Reese, Elizabeth Omlor, Carol Franklin, Ronnie Baker.

The new third grade girl is Kim Molsberry who came from Lake Grove, Ore.

Fourth, Fifth and Sixth Grades: Nancy and Suzanne Silbaugh have entered our class from Fresno and are in the fourth grade.

Our class felt that the field day for skiing was successful and many received sunburns. The PTA furn-

ished milk for the skiers and members accompanying us were Mrs. Mae Critchley, Mrs. Kay Felte, Mrs. Camilla Althof, Mrs. Barbara Mallory and Mrs. Mary Waddell.

Louis Griffith and Ervin Single presented two movies for our student body for Conservation Week.

TAHOE LAKE

First graders enjoyed a wonderful day at the Squaw Valley school ski meet and many rode the rope tow for the first time. Jeff McLane, Allen Edge, Dickie Nielson and Pat Dempsey represented the first grade in the beginner's races. Lannie Poulson represented the school in intermediate races.

The second, third and fourth grades joined the audience for conservation movies in the auditorium and followed up with a class discussion and a scientific reading.

Fifth and Sixth Grades: Our class is almost through with the study of modern California. In the test covering the last unit, Trent Giannini, Jimmy Huega, Diane Horvath, Randy Pomin, Chris Poulson, Geri Grinstead and Wayne Poulson turned in perfect papers. On the sixth grade arithmetic test Randy Pomin, Paul Quartly and Ellen Rich received 100 per cent.

TRUCKEE ELEMENTARY

Kindergarten: In our room we have a new "Helper Chart." Each day we have a new staff of helpers. Timmy McLane told us an original imaginative story entitled "The Bobcat and the Battleship." First Grade (Mrs. Croxen's): By this time in the school year most of the children know the names

of all the letters and how to write them correctly. In phonics they have learned the sounds of the consonants and many word endings.

First Grade (Mrs. Bissett's): Instead of actual spelling in the first grade, we learn the sounds that letters make, and we learn to recognize the letters in word form.

Second Grade: We used some of our arithmetic words for spelling. Those having correct final tests this week were Marcia Leamon, Judy McGinn, David Sorani, Skippy Petersen, Norine Wunsch, Eddie King, Garry Sturcke, Gregory York, Salvador Cabrera, Carolina Urbina and Jimmy Roth.

We celebrated Marcia Leamon's birthday Friday when her mother brought cupcakes for a party.

Third Grade: Letter and word spacing, the under and over connecting curves, and height of one and two case letters have been studied in third grade writing.

In spelling, group two and three are studying prefixes. Also, syllabication.

Fourth Grade: We are now taking our test by writing a whole story that is dictated to us instead of separate sentences.

Janice Eaton and Gene McGinn have the best record in our weekly tests. Ellen Patnoudé, Joey Straub, Michael Kenyon, and Jerry Kirby have shown improvement.

Fifth Grade: In spelling we are nearing the end of our book. Some of the pupils who have shown much improvement are: Linda Giovannoni, Karen Smart, Phil Haynes, and Jimmy Osburn. Sixth Grade: Members of the

Pedestrian Protection

A slip can be FATAL!

Yes, just one slip can mean death or serious injury if you slip on the street in front of an approaching automobile. During these winter days when streets are wet or covered with ice and snow, watch every step you take, advises the American Automobile Association. Never rush across the street when it's icy. Avoid that fatal slip.

—AAA Safety Feature

LOCAL STUDENTS GET IOWA TESTS

This week the Tahoe-Truckee High School presented and interpreted with each individual the results of the Iowa tests of educational development that were administered last October to the 9th, 10th, 11th, and 12 grades. Students grow educationally as well as physically and these tests are designed to measure educational growth, and the scores, being objective, do not in any way depend upon personal opinion, Assistant Principal Con Briner says.

Each student received a profile sheet showing his scores so that he and the teachers could have an accurate picture of his present educational development. These test scores show: (1) the ability to understand the English language; (2) the ability to do practical everyday arithmetic reasoning; (3) knowledge of the principles of the natural sciences, and the ability to think clearly about common scientific matters; (4) knowledge of the principles of the social sciences and the ability to think clearly about common social problems.

In addition to individual scores the high school was able to picture the educational growth for each grade level and for the high school as a whole. Social science, and language arts areas. It was found also that ability to reason and solve arithmetic problems needed to be strengthened at most levels. Educational programs designed to strengthen these areas have already been initiated throughout the entire district.

The Larkin House at Monterey was the home and business establishment of Thomas O. Larkin, American trader and first American consul to California, 1843-6.

class have been writing original stories using the new words of the current spelling lesson. Authors of stories thus far completed are Cynthia Reynolds, Ellen Hubbard, Mary Ann Faulkner, Clark Kydd, Timmy Riden, Judy Giovannoni, Steffie Firpo, Carol Patnoudé, Lilv Cushing, Doug Single, and Reggie Smart.

Plans Complete For Tahoe College Classes

Plans for a Sacramento State College summer session program at Lake Tahoe were announced by Harold B. Roberts, dean of summer session and education services at the college.

The classes will meet in the Tahoe City Elementary School building from June 27 to August 5. Students may enroll each Monday during the session, earning credits at the rate of one unit for each week of attendance.

Courses will be given in art and art education; nature study, including the life and physical sciences, and drama and speech arts. Art classes will draw or paint under supervision, nature students will hike over trails in the lake area to study wild life and geology, and drama participants will act and produce plays in the Tahoe Little Theater.

FIRST AID COURSE TO START AT TAHOE

TAHOE CITY—Mrs. Marie Henry, American Red Cross instructor at Tahoe City, announces that the first aid class will be held Tuesday, March 22, at the Tahoe Lake School starting at 7:30 p.m.

The standard first aid course will occupy 18 hours while the advanced course will take 12 hours. Members are asked to check their cards for expiration dates as the cards are good for three years.

Anyone interested in the courses in first aid is asked to contact Mrs. Henry.

Crude petroleum, valued at \$29,394,710 was the second most important import commodity received through the San Francisco Customs District in 1953.

REMEMBER?

Man's ability to forget is stupendous. A noted psychologist affirms that 90 per cent of all learning seems to be forgotten within 24 hours. Another famous doctor believes that a man remembers about one-tenth of what he hears, three-tenths of what he sees, five-tenths of what he both hears and sees; but what he remembers he is likely to remember incorrectly.

Which is why we have to again remind you that the greatest bargain in your budget today is your . . .

San Quentin Resident Held For Home Robbery

Taken to the county jail to await trial on felony burglary charges was Gerald E. Williams, 21, whose only address is listed as San Quentin.

Williams, who gave his occupation as a bookkeeper, was convicted in San Francisco Superior Court of burglarizing a home there last November and sentenced to San Quentin as prescribed by law.

Following an indictment by the Nevada County Grand Jury on charges of burglarizing a home in Truckee last October, Williams was transferred to the county jail yesterday.

La Von Freeman, 26, of Basalto, Idaho, was also given quarters in the county jail to serve 60 days brought in by Deputy Sheriff Roy Waters of Truckee following sentencing by Truckee Judicial Court Judge F. W. Wilson.

Former Local Man In Reno Political Contest

Norman W. (Red) Rockholm, Reno electrician and a former Truckee resident, is a candidate for city councilman from the first ward at Reno. A resident of this community since 1936, Mr. Rockholm was graduated from the University of Nevada and has been employed at Molten & Fitch for the last four years.

During the second World War Rockholm served in the U. S. Navy "SeaBees."

He is a member of Phi Alpha Theta history society and a member of the Silver State Toastmaster's Club.

MOVE TO DISQUALIFY JUDGE IN DIVORCE ACTION OVERRULED

AUBURN—Superior Judge Albert F. Ross of Redding has ruled that Judge James Snell of Nevada County shall not be disqualified in a divorce action between Mrs. Rosemond Phillips, plaintiff, and George W. Phillips.

Mrs. Phillips and her attorney, Reginald Hearn of Oakland, were seeking to have Judge Snell disqualified in the proceedings, which began in 1948, on grounds that he is prejudiced against Mrs. Phillips.

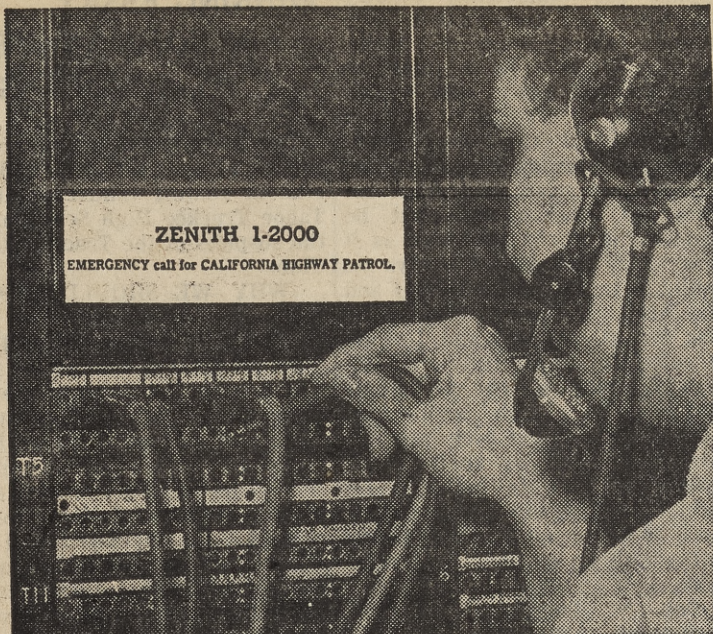

The disqualification was opposed by Phillips, Judge Snell, and T. L. Chamberlain, attorney for the defendant.

"I shall give Mrs. Phillips as fair a trial as I know how," stated Judge Snell yesterday in Placer County Superior Court.

During the proceedings of the case, Judge Snell found both parties had been guilty of cruelty and decided that neither party is entitled to a divorce. The case was carried to the State Supreme Court, which ordered a new trial. A new trial began in November of last year. However, on the second day, Hearn asked Judge Snell to disqualify himself, which he declined to do.

Following the filing of affidavits, concerning the qualifications of Judge Snell, the attorneys could not reach an agreement. Judge Ross was then appointed by the state judicial council.

Columbia Crest on the summit of Mount Rainier is on the edge of a perfect crater some 1200 feet in diameter.

TO REPORT A HIGHWAY ACCIDENT—Ask for Zenith 1-2000 and the operator will connect you with an emergency radio dispatch station of the California Highway Patrol. Charles Berlenbach, Pacific Telephone man-

ager here, stressed that motorists should ask the operator for that number only when reporting accidents of other REAL highway emergencies—not flat tires or motor trouble.

HIGHWAY PATROL URGES THAT EMERGENCY CALL NUMBER BE USED ONLY WHEN NEEDED

To the California Highway Patrol, an emergency has always meant just that—an emergency.

But the patrol is discovering that it can mean other things to other people, and the difference could mean delays in meeting real danger situations.

It all started recently when Zenith 1-2000 was set up as a special telephone number to speed the reporting of accidents and other emergencies on the highways.

Motorists have been urged to ask the operator for that number—anywhere in the state's unincorporated areas—to pass along word of a bad accident, damage or obstructions to highways, a fire along the road. Anything, in short, which spells emergency.

A man in San Francisco, however, called Zenith 1-2000 to find out about road and weather conditions in Kansas City, Missouri.

A lady in Concord found a dead dog on her doorstep. She called Zenith 1-2000. In Sharp Park, another woman apparently decided a parking ticket she received was an emergency, and she too called Zenith 1-2000.

And other man called Zenith 1-2000 to tell the patrol that a neighbor and his wife were having a spat.

The highway patrol, said Commissioner B. R. Caldwell, wants to make one thing clear. It is happy to help people with such problems, even though they may have little to do with highways. The patrol at least will refer them to the proper agency.

But he said only real highway emergencies occurring outside city limits should be reported on Zenith 1-2000. Other calls should be placed to the patrol's regular local number which is listed in the telephone directory. If no directory is available, call "information." Road emergencies within city limits should be reported to the police department having jurisdiction.

"The reason is a simple one," Caldwell said. "A person calling Zenith 1-2000 will be connected directly to one of the patrol's emergency radio dispatch stations.

"These stations were set up to handle emergencies, and if the telephone lines are tied up by

routine calls, it could mean a delay in sending help to a bad accident."

Zenith 1-2000 was selected by the patrol and Pacific Telephone as the emergency number because the letter "Z" and "Operator" are in the same spot on the dial. If an excited motorist makes an error, or tries to dial the number, the first twist of the dial will summon the operator.

There is no long distance charge to the caller even though the dispatch center may be many miles away.

CAPITAL YOUTHS HELD FOR HOUSE LOOTING AT LAKE

TAHOE CITY—Two more accused house-breaking youths are in custody in the Placer County Jail as the result of the vigilance of Deputy Sheriff Harry Johanson.

Taken into custody last Monday morning, after the officer followed snowshoe tracks from house to house along the Truckee River were William F. Rarick, 18 and Robert H. Gulpepper, 18, both of Sacramento.

Johanson said his investigation started after smoke was reported seen from the chimney of a house closed for the winter. There he found the house had been lived in, and the tracks led to three other houses, and out to the highway where he met the young men. Besides the snowshoes, the men had three rifles and a pistol, allegedly taken from one or more of the four houses.

KINGS BEACH—William Francis Rarick of San Francisco and Robert H. Gulpepper of Sacramento were arranged Wednesday morning in the court of Judge Harry Charrison at Kings Beach, following their arrest by Harry Johanson allegedly for breaking into homes on Highway 89.

Bail was set at \$2000 and the men were taken to Auburn and will return to Charrison's court for a March 23 hearing.

Twin Peaks, the geographical heart of San Francisco, afford a magnificent panoramic view of the Bay region.

COMIC BOOK HUE AND CRY GETS OFFICIAL EYE

SACRAMENTO—(CNS)—The hue and cry over the comic books, which every parent knows so well, has been boiled down by the Bureau of Public Administration on the Berkeley campus of the University of California, which has just released a survey made under the direction of Professor Samuel C. May.

The survey, which is impartial in its finding, discloses the fact that the sale of comic books in the United States averages one billion copies annually. This represents an expenditure, the survey says, of about a hundred million dollars, which is more than is spent for the entire book supply for elementary and secondary schools. It is also four times the combined book purchasing budgets of all public libraries.

The survey, titled "Comic Book Regulation" written by Edward L. Feder, public administration analyst, was compiled at the request of the California legislature, which has bills before it for the regulation of comic books.

With regard to legal aspects, the report points out that existing state and federal legislation covers publications that definitely are of an obscene nature.

Regulation of publications that are objectionable but not obscene, however, may require additional state or local action.

Several attempts to draft such regulatory measures, have been thrown out by the courts on the grounds of infringements of freedom of the press, which is guaranteed by the constitution of both California and the federal government.

There is insufficient, scientifically adaptable evidence, the survey says, either to substantiate or disallow the claim that a relationship exists between juvenile delinquency and comic book reading.

The arguments for comic books, as summed up in the survey, include:

1. They act as a catharsis and provide release for aggressive behavior;
2. they are educational, providing both entertainment and amusement;
3. only a small percentage of the total are harmful;
4. comics have approval of many psychiatrists, educators, psychologists and other authorities on child development;
5. the penny dreadfuls, detective stories and spine chillers of past generations had little or no effect on juvenile delinquency;
6. anti-social behavior results only if the individual is neurotic;
7. any form of censorship is a violation of freedom of speech and of the press.

Against comic books, the survey finds:

1. Comics overstimulate the unstable child;
2. they make criminals and and criminal acts attractive;
3. comics frequently belittle traditional American social and political institutions;
4. use of

PERENNIAL EFFORT TO ANNEX STATE

CARSON CITY—Assemblyman Donald Crawford, Vya Democrat, has renewed his perennial effort in the legislature to move the Nevada-California boundary west of the summit of the Sierra Nevada.

Crawford introduced a joint resolution calling for appointment of a joint interim legislative commission to study the problem. He has been trying for years to push action on the matter.

Crawford's resolution states an act of congress in 1861 authorized establishment of the boundary between the two states "at or near" the summit of the Sierra Nevada but California subsequently put the line at its present location.

Crawford insists the residents in the area involved do most of their trading in Nevada and belong in the latter state geographically, economically and naturally.

obseenity, vulgarity, profanity and underworld slang is harmful; 5. comics make children and many adults impatient with good literature and its method of presentation, thus threatening the literary culture of society; 6. art-work and printing frequently are poor enough to provide an eye hazard; 7. crime and horror comics are sadistic, masochistic, vicious and compromise moral standards.

Here then, is both sides of the comic book picture, and it probably will be largely on the university report that legislators will make their decision as to whether state regulation is necessary. The trends at the moment, however, are to leave the problem with local governments rather than attempt to enforce another state law which might be unconstitutional anyhow.

A lake sturgeon, caught in 1953, was determined to be 152 years old.

SPRING IS HERE ...ALMOST!

It's time for thoughts of pleasant week-end trips and summer vacation, but before that (and there's no escape) most of us have to think about taxes! If you've saved for your tax payments, fine—if not, or if you'd rather your savings stayed in the bank, come in and see us about a *Timeplan* personal loan. *Timeplan* is the business-like way to borrow. It doesn't cost much, and you've months to repay.

IF YOU WERE A MILLIONAIRE...

... chances are you'd already know a lot about our bank's statewide trust services. But did you realize that our Trust Department actually helps thousands of Californians with modest means—including many from our community—to plan their estates and manage and conserve their property. An interview with one of our Trust Officers doesn't cost anything, and may save you a great deal in terms of money and convenience.

? BofA Quiz Corner ?

DID YOU KNOW THAT you can make a payment on a B of A *Timeplan* loan at any one of Bank of America's 350 branches in California—regardless of where you have your account? This is just one more of the many advantages of doing business with Bank of America.

NORTH TAHOE

By JUDGE HARRY CHARRISON

A while ago we reported that one of our well-known boys had a secret to tell and just as though we couldn't guess, now he tells us that he is contemplating making a nose dive into the sea of matrimony. He tells that he hopes to be married to a well-known lassie by the name of Marilyn Baker, you will remember her as a teacher in the Kings Beach School, but we must hold the details for a little later on. I couldn't help spilling the beans a little early.

Allan Edmondson, a regular visitor to Kings Beach, with his home in Pasadena, has leased a ranch at Puente, Calif., where he will pursue his vocation as a veterinarian. He has really gone places since graduating. His dad is the fire chief in Pasadena, and often visits here.

Do you know that the Louie Antillons have moved into a swell new place on the Truckee Short-

cut? They moved over there almost two months ago and that just shows you how diligent I am in picking up the news. Sorry, Louie, but I can make it up by congratulating your family on such a nice home.

Now we hear that Dr. Thomas D. Wyatt of Crystal Bay, has purchased the Carson Hot Springs, at Carson City. Just what changes will be made has not yet been disclosed, but there is some talk of maybe a hospital will be in the making.

Was just thinking what a difference in this area a few years have made, mostly on account of the winter sports. Ten years ago no resorts open, roads not so good, few people staying in, and now hundreds stay in and just counting the resorts that are open, I find not less than ten and all full up over the weekends especially; and the roads clear, short-cut open all through. And still I cannot help but think we "ain't seen nothin' yet." There are more opportunities here than anywhere I know and everyone that owns a

resort are anxious to add on. That's a good sign, huh?

Yes, the Charles Matthews are back and are already getting their cabins and cottages ready for occupancy. They tell me they already have all of their places on the water front reserved for the summer.

Waddell's Sky Lake Motel and Trailer Court is building three new apartments. And by the way, the Waddell's daughter and husband are up here for a short stay.

Jim Walker of Bailey's garage had an accident on Spooners Summit, when a young couple cut across the road and collided head on with Walker. He was lucky not to have been hurt more than a twisted knee. His car was damaged to quite an extent.

Gerry Potts is just like the merchant in the "Merchant of Venice"—he demands every ounce of flesh. He called me the other day and told me, the cute little son that was born last week was six pounds fourteen ounces and his true name is Russell Ewart, named after his (Gerry's) father, who had it all his life, and got by.

Lee and Margaret Madden are home again after a long trip back to New Jersey where they visited their parents. Lee's mother was not too good, but was glad he went, and says the parting was the worst part. Charlie Stich and wife will be paying a visit to the lake during July. They are the parents of Margaret. Lee says for an assortment of weather take a trip back there by road during the winter and you will appreciate this part of the country.

The Wolverines played at Monogue last Friday and came away the winners by a score of 28 to 15. There was lots of excitement here at Kings Beach where no less than five were on the team, those being Diana Abbott, Loma Sorensen, Sheran Little, Karen Decker, Joel Ashten and Anita Antillon. Too bad it's the end of the season just when the players are coming along so good.

Had a card from Kenny Riley, one of our boys who was here working for a while. It came from Heidelberg, just about 50 miles out of Frankfurt, Germany. He says it is very pretty country

things are wonderfully cheap there and that he expects to go to London before coming back home, so says if there is anything we need let him know, and he will bring it.

Saw our old friend Joe King in Reno last Saturday. He had walked up to Commercial Row from the Riverside, quite a walk, but he thought he would ride back as it was windy and cold. Joe says he still has trouble with his hip and his left arm. Can you imagine he has lost 60 pounds, and I think it suits him wonderfully well. He was planning a trip to Kings Beach to do a little business as he is anxious to get back into harness again and we shall all be glad to see him. He thinks he and Lillian will spend the summer here. It would not be Kings Beach without them, so they had better make it.

Don and Mrs. Painter of Lake Forest are back at the lake after a long absence, living in Sacramento and for a short while in Reno, visiting with Jack and Mrs. Emery of that city. Glad to see them back.

Eugene Jarvis of Eugene's Chale, has just returned from a trip to San Francisco, Los Angeles and other cities. Had a real good time, too, says Gene, who is roving ambassador for Tahoe.

The sermon of Rev. Covher last Sunday was "The Two Outlaws." Box social will be held next Sunday, March 20 at 6 p.m. All ladies and girls will bring a box for two, including plates and silver. Coffee will be furnished. Boxes will be auctioned to the men and boys, who will get a girl as partner. On Friday choir rehearsal at 8 p.m. There were three new faces in the choir, Ruth Woodhull, Mrs. Franklin and Jay Mandeville. Don't forget we must have the new organ.

Mrs. Howard (Curly) Mason was at the time of writing in the hospital undergoing an operation. We are wishing her well, and that the ordeal will not be too severe and that she will be on her feet and going strong in no time.

Just saw Albert and Mrs. McEathron driving into Kings Beach after being out all winter. He tells me they were in Doab, Utah, most

WINNING ESSAY ON HOME TRADE BY SCHOOL GIRL

The following essay was awarded first place in the Trade at Home student contest conducted at the Tahoe Truckee High School under the auspices of the Truckee Rotary Club.

WHY WE SHOULD SHOP AT HOME

Shopping at home creates good will among the townspeople and encourages the circulation of money. When you shop at home your storekeeper learns your needs and wants. If you continue shopping at home, the demands for the products are increased and the storekeeper has the money to buy the orders in large quantities and therefore can give the product to his customers for less money. As time goes on he will have the money to buy better quality merchandise. But the continued demand of the product will make it available to the customers at a lower price.

With this circulation of money, the storekeeper can buy better qualities in quantities and still save money. From the money he saves by being able to buy in quantities he can expand his business.

TAHOE WEATHER

TAHOE CITY—This week there are only two gates open into the Truckee River and the lake level stood at 6226.03 feet, Arthur Frodenberg, cooperative observer, announced. The light storm last week left a total of .26 of an inch of precipitation with only a trace of snow.

The dahlia is named in honor of Andreas Dahl, a great Swedish botanist.

of the time building a home for their daughter. They both looked good. They also visited Cathedral City, Palm Springs, and had just left Bakersfield and now home and looking forward to lots of business for the summer.

Tom Lucas presented a show at the Brockway Theater last Wednesday night, and the proceeds were donated to the North Tahoe Fire Control. This was a very fine gesture on Tom's part, and not only the fire boys appreciate it but the people of the community, who are really the ones that benefit by this kind of help. Thanks again, Tom.

A box social with dancing and table games following is being planned by the Kings Beach MYF to be held in the Methodist Church at 6 p.m. on Sunday, March 20.

All ladies and girls are asked to take a boxed dinner for two people.

He would be able to improve his showcases, enlarge his store, and better the general appearance of his store.

To expand, he would need lumber, which he would probably buy from the local lumbermills and paint and other equipment from other local stores. He would then be creating more "shopping at home" and circulating more money around by employing local craftsmen and purchasing products from other local merchants.

He would attract more customers by a clean, good-looking, neat and uncluttered store. It is the nature of people to want to shop in attractive environment, so it is to the advantage of the store-owner to have a good-looking store that will attract customers for him.

Also by his own practice of shopping at home and employing local craftsmen, he circulates more money among them. Then they have money to buy things they need and want and increase the present demand as well as creating demands for new products.

When money is circulated around a town and people buy from one another, not only goodwill is created amongst them and more people are happy because of more money to spend and nice places to spend it in, but the more money they earn the more money they have to pay out in taxes. This money is put back into use for

the improvement of the town and the surrounding county roads. Besides being able to improve the fire department and equipment, streets lights, sidewalks, etc., it might make it possible to build and maintain a town auditorium and town recreation center which would help a lot of kids stay out of trouble and keep parents from worrying. With a place for kids to spend their time in a worthwhile way, we wouldn't have such a problem with juvenile delinquents. This, in itself, would help improve a town because there would be less vandalism done to public property.

However, I think there are two sides of the story to the "Shop at Home" policy. I think the local merchant should do his part of shopping at home. If he hired local craftsmen to do his work when in need of it, and helped in the local circulation of money, people would have both the money and the will to "Shop at Home."

Legislative Investigation Seen in Park Purchase

SACRAMENTO (CNS) — Possibility of a legislative investigation into the proposal of the state park commission to purchase Asilomar, in Monterey county, for a state park, loomed today as Senator Earl Desmond, Sacramento, studied the proposal.

The park commission, headed by Joseph R. Knowland, Oakland publisher, recently discussed the proposed purchase with Gov. Goodwin J. Knight and John Peirce, state director of finance.

The deal proposed by the park commission was to buy Asilomar, a resort used for religious conventions and youth group meetings, for \$700,000, a figure set by appraisers. Of this, the state would put up \$350,000 cash, and the YWCA, which owns the property, would contribute the remaining \$350,000 as matching funds, in property.

Second part of the deal was that

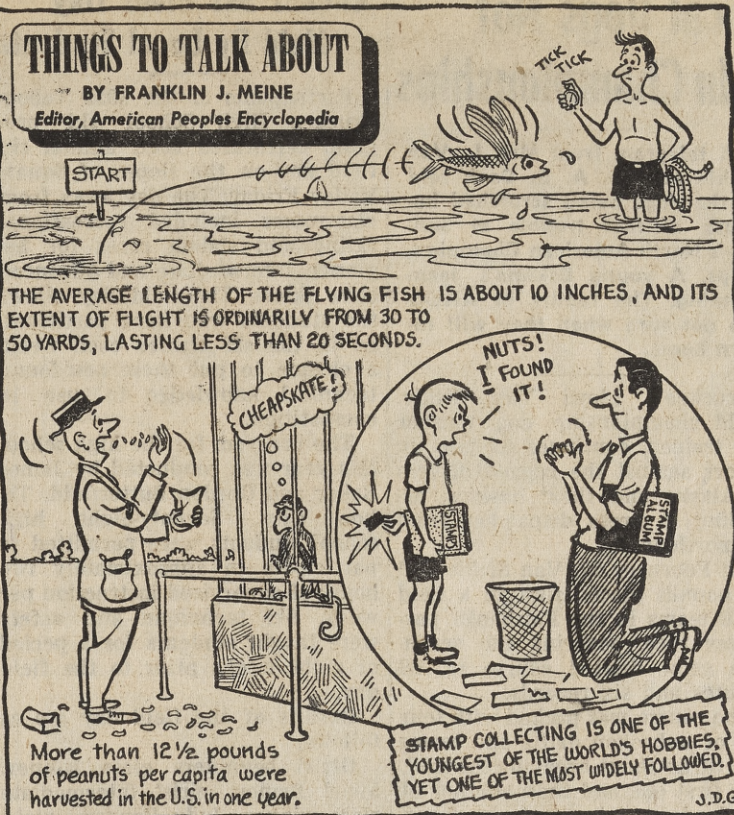

the park commission would then lease the property back to the YWCA, or a group formed for operating it, as a concession, and the state would be responsible for maintenance. Peirce objected, on grounds that the property is run down, and the \$350,000 outlay would be only the first cost to the taxpayers.

Desmond declared when he heard of the proposed deal, which was halted by Peirce, that "it is small wonder we can't get the state park commission to take over recreational facilities around Folsom Dam when it's engaged in this kind of a deal."

"I think it warrants a legislative investigation," Senator Desmond declared. "Whether it will be through a resolution, or a request, I don't know as yet."

In Babylonian and Assyrian ruins, clay tablets have been found inscribed with business records.

Starfish make disastrous inroads on oyster beds.

Local Educators Asked To Conduct Panel At Santa Rosa Meet Apr. 5

The administrators of the Tahoe-Truckee Unified School District have been requested to conduct a panel discussion at the annual meeting of the California Elementary Administrators in Santa Rosa on April 5.

The topic which they have been asked to discuss in "How Can the Administrators Help Teachers to Develop a Classroom Atmosphere Conducive to Learning?"

Superintendent E. V. O'Rourke has been asked by the State Department of Education and the executive board of the California Elementary Administrators to be chairman of this panel.

Lynn Kishbaugh of the Truckee Elementary School, William Carrioco of Donner Trail School, Henry Sams of Kings Beach School, and Mrs. Ruth Roberson of Tahoe Lake School have been requested to be members of the panel.

Governor Agrees To Call Special Session For Water Problems

SACRAMENTO (CNS) — Gov. Goodwin J. Knight said he will consider requests that he call a special session of the legislature to deal with California's accumulated water problems, but indicated he does not think such a session would guarantee results. Knight said the session, if called, might become a "catch-all" which would only postpone consideration of water questions at the present general session.

But the governor said he would consult with leaders in both houses of the legislature to see what they want to do.

SUIT TO DISSOLVE TAHOE PARTNERSHIP IS FILED IN PLACER COUNTY COURT

AUBURN — Lee Van Wetter, Tahoe contractor, has filed a civil action asking dissolution of his partnership with Malcolm Fox, owner of property on which Van Wetter says he constructed cabins for the Squaw Valley Construction Company.

He asks appointment of a receiver to conduct the sale of cabins already completed, with a division of profits if any, on the basis of an agreement with Fox.

He says Fox refuses to sell the properties already completed and ready for sale.

If he decides to call one, Knight told a press conference, he would favor a special session in October or November, rather than a continuation of the general session which probably will end the first week in June.

Knight pointed out that the current session is "in gear" with congress for consideration of water legislation should be resolved before the legislature adjourns so congress may act accordingly on federal projects within the state. Failure to act now might delay federal water legislation for California, he added.

As for the counties of origin problem, the governor said he does not believe it is "as momentous" as some have made it out to be. He expressed confidence that people of the most northern counties are reasonable about their future water needs.

If a special session were called, Knight speculated, the opponents of any water proposal, such as the one to consolidate the state's water agencies into a single department could "smother" it by referring it to the special session. He asserted that special sessions do not necessarily produce good legislation.

CASH INCOME FROM TAHOE FOREST IS SHOWN IN REPORT

L. A. (Gus) Rickel, supervisor of the Tahoe National Forest just received the official cash income figures of the Tahoe National Forest for the fiscal year July 1, 1953 to June 30, 1954. The reported figure shows an increase of \$35,000 over that of the previous year.

The forest income for this period, derived from the sale of timber, Christmas trees, grazing, and land uses totaled \$1,060,000.

Of this sum \$925,250 is covered into the U. S. Treasury and \$135,000 is held on the forest in co-operative work funds and spent on cut-over areas for tree planting, improvement of the growing conditions of the residual stand of timber, and for additional fire protection due to the increased burning conditions of harvested areas.

Under federal law, 25 per cent of the income of the national forest is returned, in cash, to the counties in which the collecting forest is located. That sum, 25 per cent of \$925,250 or \$231,312.50 is divided among Sierra, Nevada and Placer counties and earmarked for expenditure on county roads and for school districts located in or adjacent to the forest boundary. Yuba and Plumas counties also receive a small share.

(1)—County. (2)—Net forest area —acres. (3)—Allocation from Tahoe receipts:

Nevada	\$139,797	\$ 46,565.86
Placer	225,100	74,975.97
Sierra	299,402	99,729.69
Plumas	11,155	3,715.69
Yuba	18,976	6,320.83

Total

Rickel points out that we can look forward to an increase in income for the current fiscal year. The receipts reported above are based upon a cut of 56 1/2 million feet of timber and the sale of 33,000 Christmas trees. It is expected that the cut for the current year will exceed 70 million board feet. Average prices are down some, but it is predicted that the cash income will rise.

The Tahoe National Forest, Rickel pointed out, is the fourth largest cash producer in the California region, which netted \$10,044,999.33.

NOTICE OF ELECTION FOR MEMBER OF THE GOVERNING BOARD OF THE UNIFIED SCHOOL DISTRICT

NOTICE IS HEREBY GIVEN TO THE ELECTORS OF THE Tahoe-Truckee Unified School District of Placer and Nevada Counties, California, that the Annual Election for Member of the Board of Trustees of said district will be held in said District on the third Friday of May, namely, May 20, 1955.

It will be necessary to elect one member.

The polls will be open between the hours of one o'clock P.M. and seven o'clock P.M.

The returns of the election will be canvassed at 8:30 P.M. o'clock on May 27, 1955.

The officers appointed to conduct the election and the Polling Places in the above-named District are:

POLLING PLACE: Truckee Elementary School.

ELECTION BOARD (registered voters only):

Inspector: Mrs. Lucile Bick, Truckee, California.

Judge: Mrs. Anona Loynd, Truckee, California.

Judge: Mrs. Dorothy Rose, Truckee, California.

POLLING PLACE: Floriston (Old School House).

ELECTION BOARD (registered voters only):

Inspector: Mrs. Katharine Ayala, Floriston, California.

Judge: Mrs. Jane S. McClain, Floriston, California.

Judge: Mrs. Lillian L. Miller, Floriston, California.

POLLING PLACE: Tahoe Lake School.

ELECTION BOARD (registered voters only):

Inspector: Mrs. Bernadette Bechdolt, Tahoe City, California.

Judge: Mrs. Becky Shontz, Tahoe City, California.

Judge: Mrs. Elaine Wright, Tahoe City, California.

POLLING PLACE: Kings Beach School.

ELECTION BOARD (registered voters only):

Inspector: Mrs. Janice Bailey, Kings Beach, California.

Judge: Mrs. Carmel Throop, Kings Beach, California.

Judge: Mrs. Clara Van Hooser, Kings Beach, California.

POLLING PLACE: Donner Trail School.

ELECTION BOARD (registered voters only):

Inspector: Mrs. Lola Schull, Norden, California.

Judge: Mrs. Francis Larsen, Soda Springs, California.

Judge: Mrs. Dorothy Bacon, Soda Springs, California.

(Signed)

DENIS A. SACH Clerk.

CIVIL SERVICE SALARIES BOOSTED BY COMMISSION

Civil service pay for engineer and scientific positions covered by open examinations in California and Nevada will be increased by action of the U. S. Civil Service Commission under authority granted in "fringe-benefits" legislation passed by congress last fall, it was reported today.

Salary paid beginning engineers just out of college increases from \$3410 a year to \$4035 a year, and salary for engineers with master's degrees or out of college with at least six months of engineering experience, from \$4205 to \$4580 a year.

Further information may be obtained from Eleanor Dominguez at the Truckee post office.

Winners Announced In District Ski Session

On Tuesday 170 young skiers of the Tahoe-Truckee Unified School District flocked to Squaw Valley to take part in the sixth annual ski field day marking the end of another school-sponsored recreational ski instruction program. This year's program, under the direction of Jim Baker of Tahoe City, afforded every eligible

elementary school student an opportunity to receive an average of 15 hours of supervised, ski instruction on the slopes of local resorts. About 194 elementary pupils took part in the program this year.

Of the 170 skiers attending the field day, 98 chose to compete in the slalom races set up for each class.

The winners in order for each class were:

Girls' beginners: Patsy Cooke, Tahoe City; Ruth Parkhurst and Kathy York, Truckee.

Girls' intermediate: Stephanie Firpo and Linda Giovannoni, Truckee, and Valerie Mandeville, Kings Beach.

Girls' advanced: Lily Cushing, Benth Rustad and Jo Ann Pomini, Tahoe Lake.

Boys' beginners: Mike Armstrong, Truckee; Steven Randall and Dennis Ludlow, Kings Beach.

Boys' intermediate: Bill Notley, Reg Smart and Nick Stone, Truckee.

Boys' advanced: Trent Giannini and Ken Wilson, Tahoe Lake and Jimmy Schull, Donner Trail.

WANTED: Maintenance or caretaker job by active middleage single man, clear driving record, 27 years in this area. Telephone Truckee 306. 17-p

CARD OF THANKS
For the many kindnesses, cards and good wishes extended during my recent hospitalization, please accept my sincere thanks to you all.

TRUCKEE

Your Chamber wishes to congratulate all the generous people of Truckee for the fine spirit of cooperation shown by everyone in helping to make our Truckee Volunteer Fire Department's benefit the high success that it was. It demonstrates more clearly to me the community interest in things that benefit us as a community is here to be used whenever it is needed. This brings us one step nearer to the successful completion of another worthwhile community project.

The Truckee Athletic Club has just completed their first annual city basketball season and tournament. We wish to commend them for sponsoring a winter community activity for the enjoyment of all the people. Let's have more of the same.

Your Chamber wishes to welcome Mr. and Mrs. Ted Hawkins to the community. They are the new operators of the Tourist Liquor Store.

The board of directors will meet in a budget and business session on Wednesday, March 23 at 12:30 p.m. The place, the St. Louis Cafe.

The appointment of an industrial development and business opportunities committee heralds the beginning of a new project by your Chamber. It is hoped that new industry can be attracted to our area in order to give us a more stabilized year around economy. I have appointed the following men to this very important committee: Earl Stice, chairman, Francis Robichaud, Bob Saunders. To any one who has any constructive ideas that may be helpful to this committee please feel free to call on them at any time.

To those of you that our membership committee have not contacted as yet, please be assured that we will see you soon.
—Hal Welch

CHURCH NOTES

This Friday the Community Methodist Church will have its March meeting of family night. A potluck supper will be followed by singing, games, a showing of the filmstrip of "Democracy Is Home-made." A discussion will follow after which a short worship will close our evening at 8:30 p.m. Everyone is welcome to come.

Monday and Tuesday of next week about a dozen of the local churchmen and women will embark on a visitation evangelism experience. The visitors will go out in two's and return at the end of the evening to report on their calls. Each evening there will be a supper provided.

BUSY SCHEDULE FOR SKI CLUB PLANNED

TAHOE CITY—The Squaw Valley-Lake Tahoe Ski Club next meeting will be at the Tahoe Inn Friday, March 18 at 8 p.m.

The Squaw Valley-Lake Tahoe Junior race will be Sunday, April 3 for classes 10 and under, 11 and 12 and 13 and 14. There will be two events, jumping and slalom, but it is not necessary to enter both events. There will be awards for the first three places in each event, but no combined awards. Entries may be mailed to Mrs. Blanche Donaldson, Tahoe City.

The Auburn Ski Club is having their junior jumping event March 20 at Cisco Grove and the Reno Ski Club is putting on a junior jumping event March 27 at Sky Tavern.

From South—
Dr. Oliver Scow of Porterville was a Saturday visitor in Truckee.

Local Dogs Not In Championships

A telegram from Mrs. L. Van Sickle to Mrs. A. B. Cook told of the dogs being scratched because of foot trouble at Sunday's North American Championships. A young Eskimo's team winning. The family in Alaska are not sure when they will return home.

Truckee's Lloyd Van Sickle, world championship dog musher and trainer, continues to pile up honors against the rugged drivers of Alaska and their huskies, according to press dispatches from the northland.

On February 27, Van Sickle and his hounds placed first in a field of 16 teams in the Fairbanks passenger race, covering the seven-mile snow drifted course in 68 minutes and six records.

The course was packed with four feet of unbroken drifts and teams took turns about breaking the trail, with first one and then another of the leaders going out in front. Van Sickle's passenger was Deniese Aubert.

One hundred and thirty dogs took part in the spectacular contest. Second place went to an Alaska driver, Steve Losonsky, whose time was 69 minutes, 22 seconds.

Thus far during his Alaskan visit, Van Sickle has won virtually every race he has entered.

One writer in the north wrote as follows regarding the Truckee man and his team:

"The race Sunday was won by Lloyd Van Sickle, long-time dog runner from the hills of California who has drawn tremendous response from the crowds during this, his first try at Alaska racing. The California clad in wool shirt and a hunter's cap, left the chute with seven Tanghee hounds—stag hounds and Irish setter—which seemed reluctant, cold and unwilling to fight the rough trail. Contrasted to the Alaskan husky, Van Sickle's collection looked strange. People laughed as the outsider started the race, having to reroute his lead dog, which headed in the wrong direction when given the "Go" shout.

"But the laughter turned to praise when No. 17 galloped his curious team over the finish line to take first place."

Van and his family are spending the winter in Alaska.

In Sacramento—

George Carter spent the first of the week at Sacramento buying for his new coffee shop and pool room.

Giver of Lake Dies—

Mrs. Katherine Kilborn, widow of a former publisher of the Nevada State Journal, died at her home at Auburn, Friday, Kilborn Lake, where Camp Pahatsi of the Tahoe Area Council Boy Scouts is located was a gift of Mrs. Kilborn in memory of her husband.

In Capital—
Mr. and Mrs. E. A. Parker were weekend visitors at Sacramento.

Annual Ski Field Day Held By Local Students

Participants of the 1955 Tahoe-Truckee High School ski program celebrated their annual ski field day on the slopes of Squaw Valley Friday. The day away from classrooms included recreational skiing and slalom races for beginner, intermediate and advanced class skiers. The field day allows the students who have participated in the ski classes each week, a chance to put their new-found technical knowledge to use in competition.

The program for the high school this year was conducted by James Baker and Gordon Butterfield, Tahoe City. Seventy-eight high school students were permitted to participate in approximately two hours of supervised instruction per week. Ski technique and safety were taught students for a period of eight weeks prior to the field day.

Results of the field day are as follows:

Girls' beginners class winner, Shari Briner; girls' intermediate class winner, Judy Fanger; girls' advanced class winner, Sonia McKaskie; boys' beginners class winner, Doug Cooke; boys' intermediate class winners: Joe Miller, Bill Connors, Dave Ashton; boys' advanced class winners: Rex Donaldson, Sherman Reams, Scott Gilmire.

Sacramento Television Starts Program Sunday

The first major VHF television station to serve the Sacramento and San Joaquin valleys takes the air on Sunday afternoon, March 20, at 5 p.m. Sacramento's new channel 10 station, KBET-TV will telecast an inaugural program at five o'clock Sunday afternoon, and then commence serving the television viewers of California's central valleys with the best in programs and production.

KBET-TV has been recognized by the CBS television network as a basic outlet, and will carry the basic CBS program schedule.

Fishing Films Shown At Tahoe Rotary Meet

TAHOE CITY—Three films on fishing were shown at the meeting of the Rotary Club at Tahoe Inn Tuesday evening by Glenn Coberly, investigator from the sheriff's office at Auburn.

Bill Connors, club president, announced that the club will meet with those from Truckee and Brockway at Crystal Bay next Monday to hear Harlan P. Wendell of the DuPont company and that a family night will be held at Tahoe Inn March 29.

Other guests Tuesday included Roy Porath and H. M. Dodd of the Brockway Club, Earl W. Anderson of Coos Bay, Ore., John Single of Auburn, Pete Vanni and Harry Johanson of Tahoe. Don Snyder was honored on his birthday.

Birthdate on 7th—
Sheila Larrivee, daughter of Mr. and Mrs. J. Larrivee celebrated her birthdate on March 7 at a family party.

Boys Mill—
E. B. Doolittle of Grass Valley and formerly of Donner Summit has bought the Mill Creek Lumber Co. near north San Juan.

Speaking Finals on 23—
Zone finals in the Lions International public speaking contest will be held in Truckee on March 23.

Observe Day—
St. Patrick's Day has a double meaning for Mrs. George Kamp and Mrs. Joe Mattos who celebrate their birthdates today.

At Sparks—
Joe Mattos, William Curran and Hal Welch attended a luncheon meeting of the Sparks Rotary Club.

Tuesday.
Golf at Palm Springs—
Elden Tonini was a local golfer who took part in the tournament held at Palm Springs last week.

Tarzan

by EDGAR RICE BURROUGHS

TARZAN PLUNGED INTO THE MIDST OF A SAVAGE TRIBE OF GREAT APES, SEEKING AUDIENCE WITH THEIR KING--

FURIOUS AT THE INTRUSION OF A MAN-THING, THE APE LEADER BELLOWED AN ANSWER TO TARZAN'S CHALLENGE. "I AM TOMAK, MIGHTY FIGHTER! I KILL!"

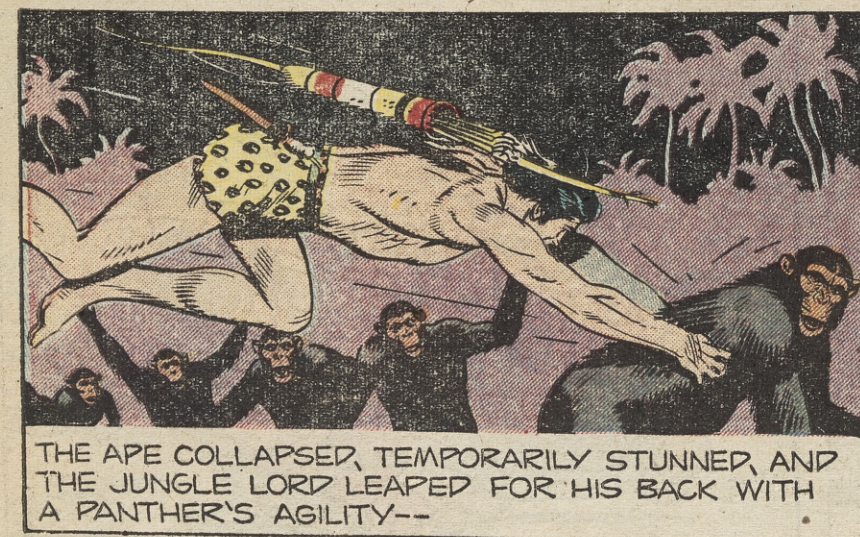

TARZAN WAITED FOR THE INEVITABLE CHARGE, EVERY FIBER OF HIS POWERFUL BODY ALERTED FOR COMBAT--

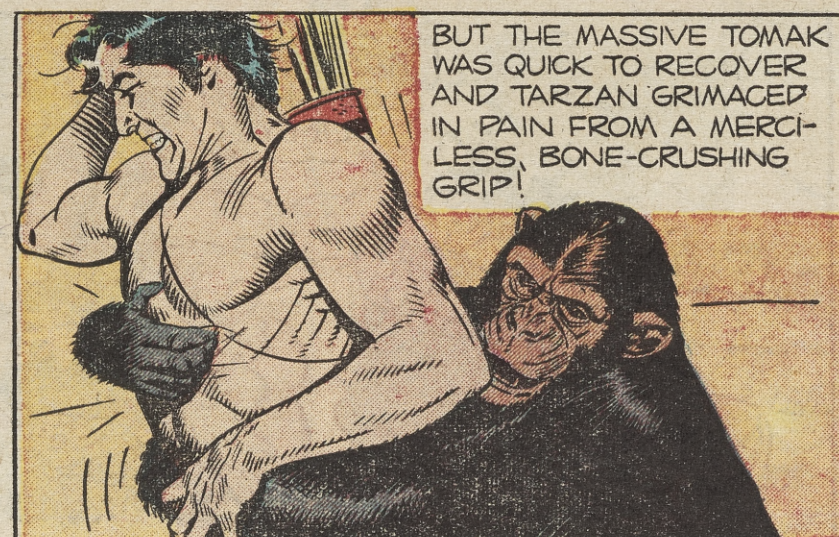

AND THEN STEEL-LIKE FINGERS CLAMPED ON A HAIRY ARM AND THE ASTONISHED TOMAK WAS LIFTED HIGH IN THE AIR!

THE APE COLLAPSED, TEMPORARILY STUNNED, AND THE JUNGLE LORD LEAPED FOR HIS BACK WITH A PANTHER'S AGILITY--

BUT THE MASSIVE TOMAK WAS QUICK TO RECOVER AND TARZAN GRIMACED IN PAIN FROM A MERCILESS, BONE-CRUSHING GRIP!

ABBYE SLATS

by RAE BURN VAN BUREN

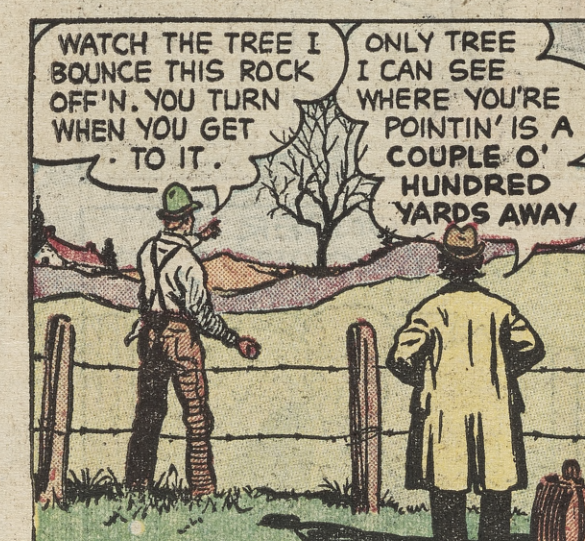

HEY, BUDDY, WHICH WAY T' THE SHORT CUT T' PRESCOTT?

WELL, I'LL TELL YOU, MISTER...

WATCH THE TREE I BOUNCE THIS ROCK OFF'N. YOU TURN WHEN YOU GET TO IT.

ONLY TREE I CAN SEE WHERE YOU'RE POINTIN' IS A COUPLE O' HUNDRED YARDS AWAY

TWO-THIRTY, T' BE EXACT!

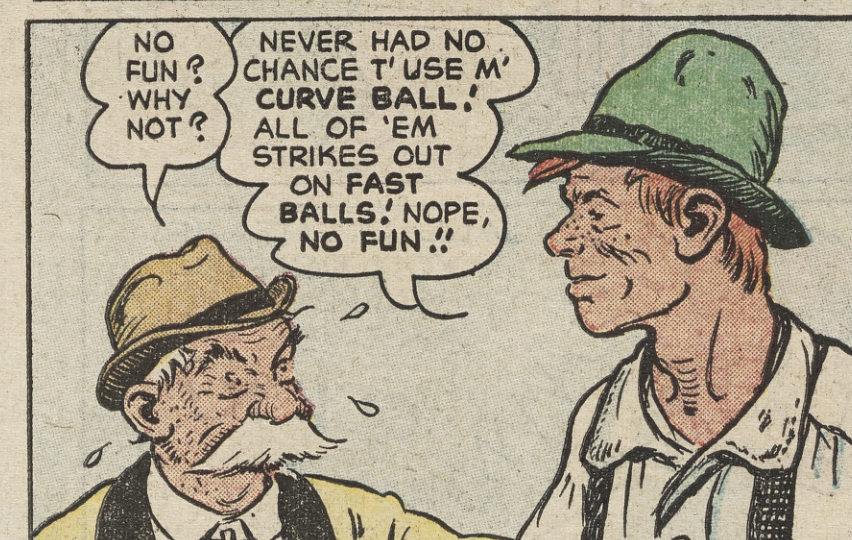

S-S-SON, DID YOU EVER PITCH A BASEBALL? I MEAN IN A GAME?

SURE DID, BUT IT WEREN'T NO FUN!

NO FUN? WHY NOT?

NEVER HAD NO CHANCE T' USE M' CURVE BALL! ALL OF 'EM STRIKES OUT ON FAST BALLS! NOPE, NO FUN!!

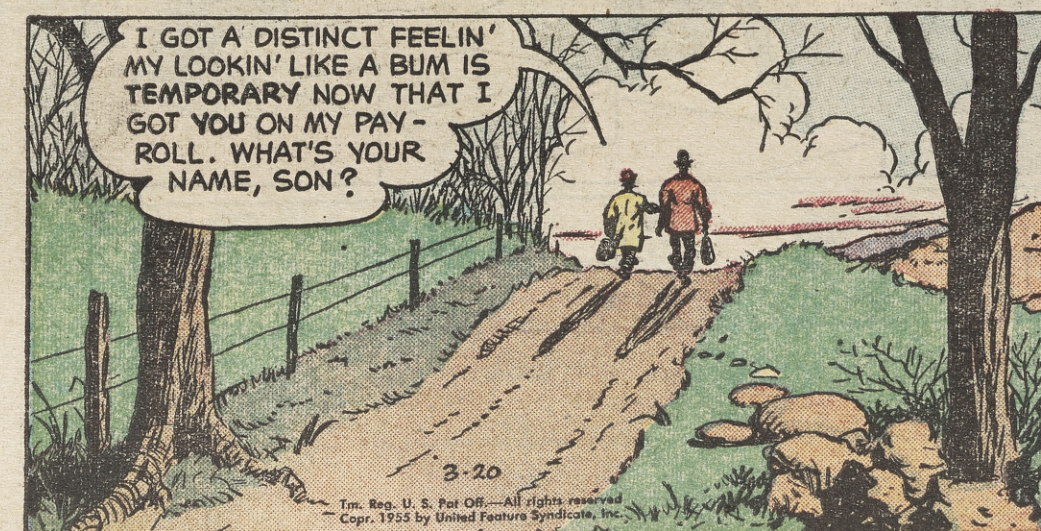

SON, WHATEVER YER WAGES IS HERE, I'LL DOUBLE 'EM IF YOU'LL WORK FOR ME. IS IT A DEAL?

SURE YOU KIN AFFORD FOUR BUCKS A WEEK, MISTER? YOU DON'T HARDLY LOOK LIKE A MILLIONAIRE T' ME!

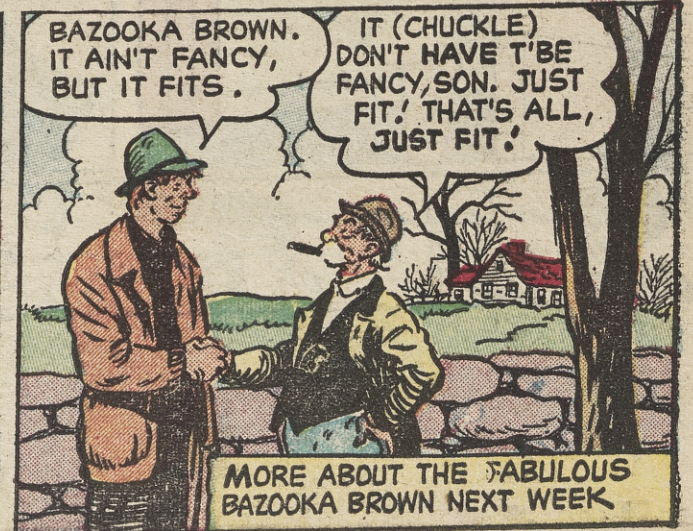

I GOT A DISTINCT FEELIN' MY LOOKIN' LIKE A BUM IS TEMPORARY NOW THAT I GOT YOU ON MY PAY-ROLL. WHAT'S YOUR NAME, SON?

BAZOOKA BROWN. IT AIN'T FANCY, BUT IT FITS.

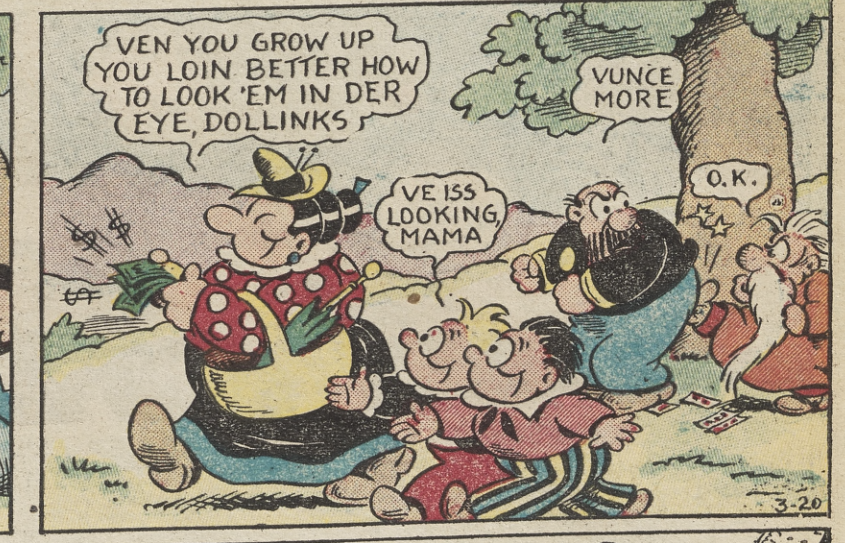

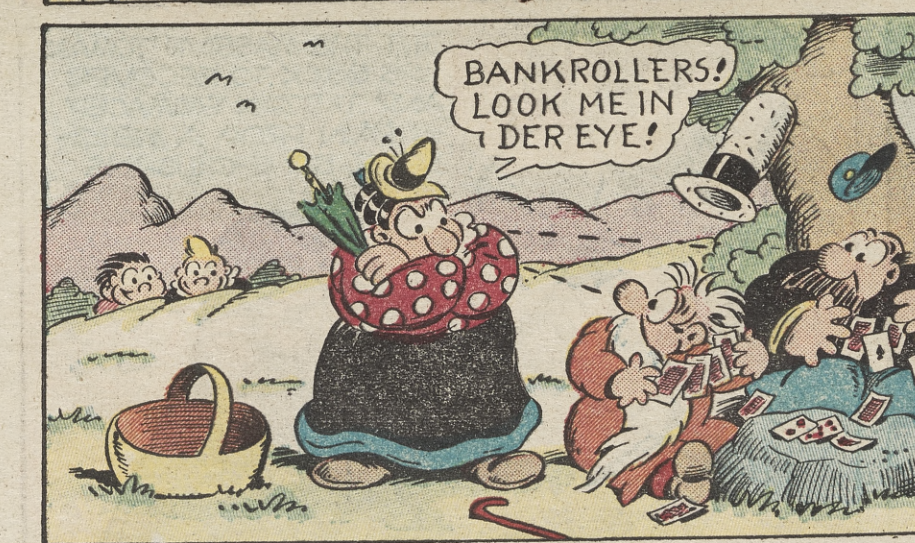

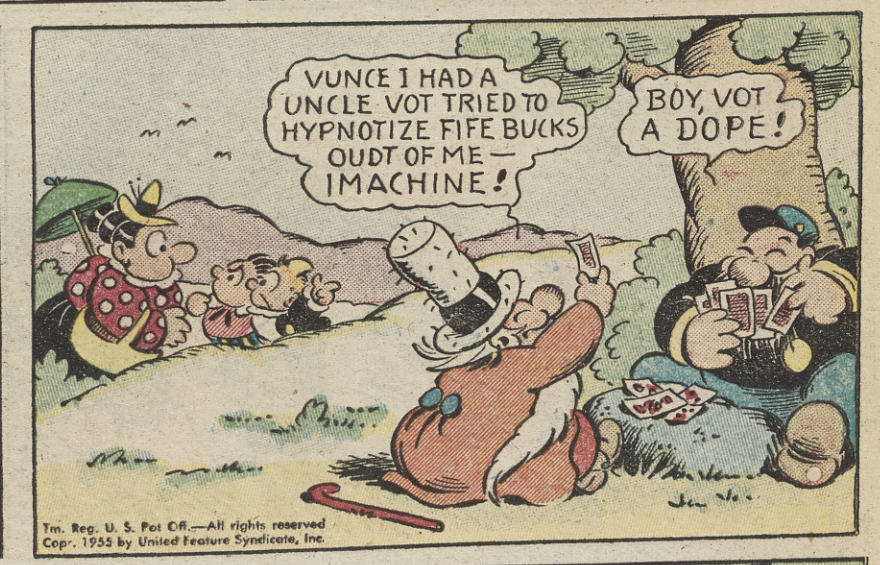

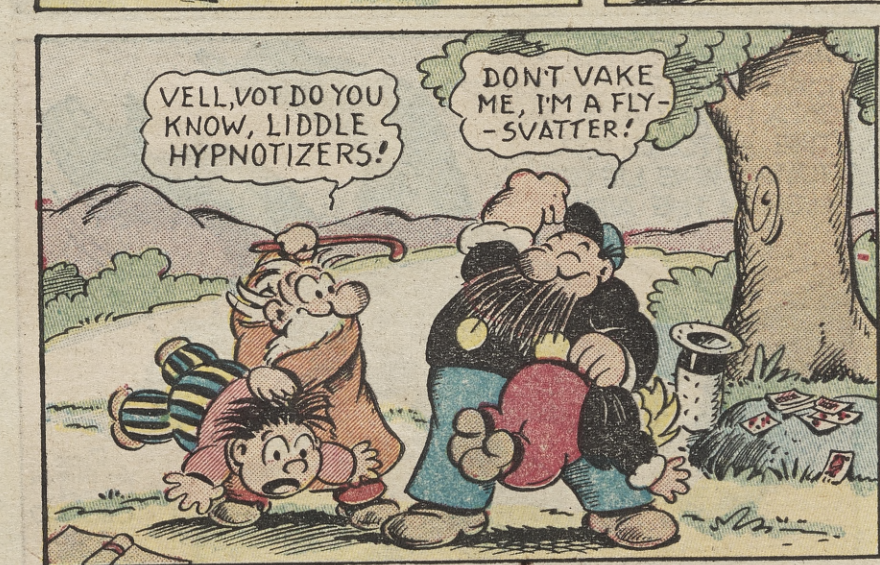

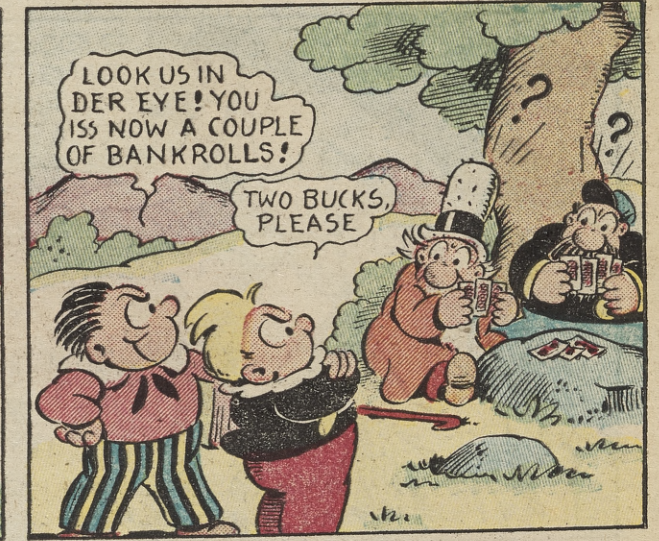

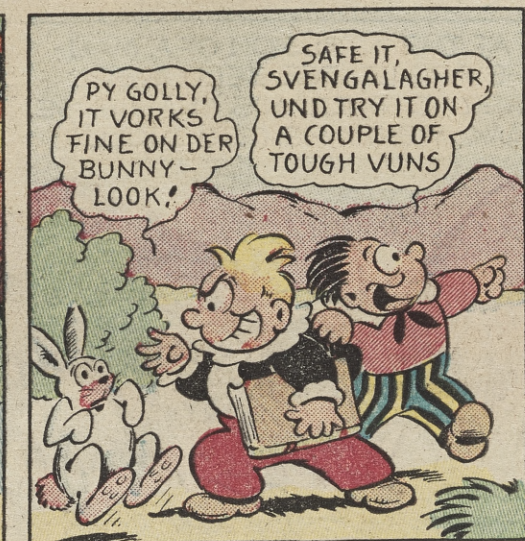

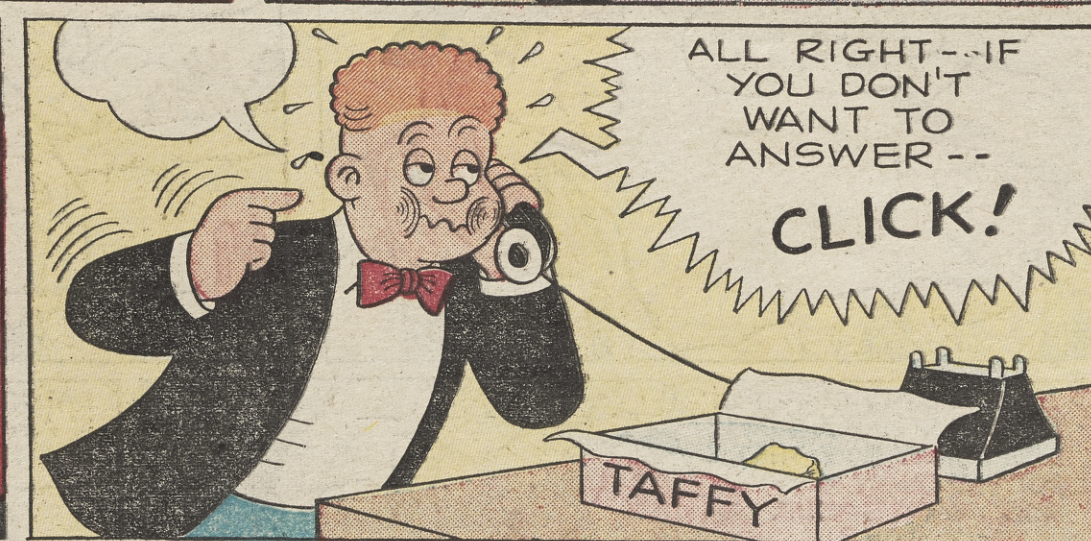

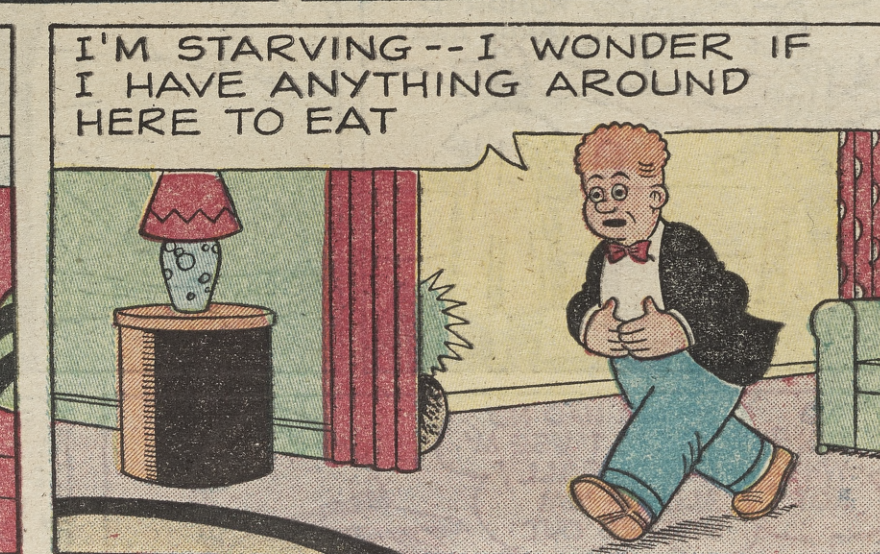

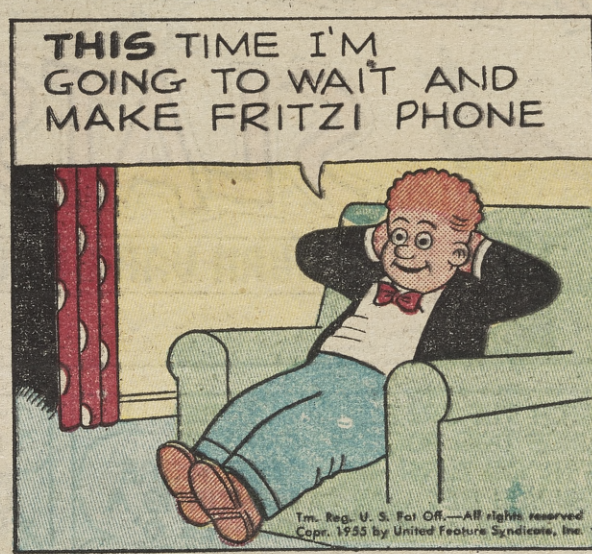

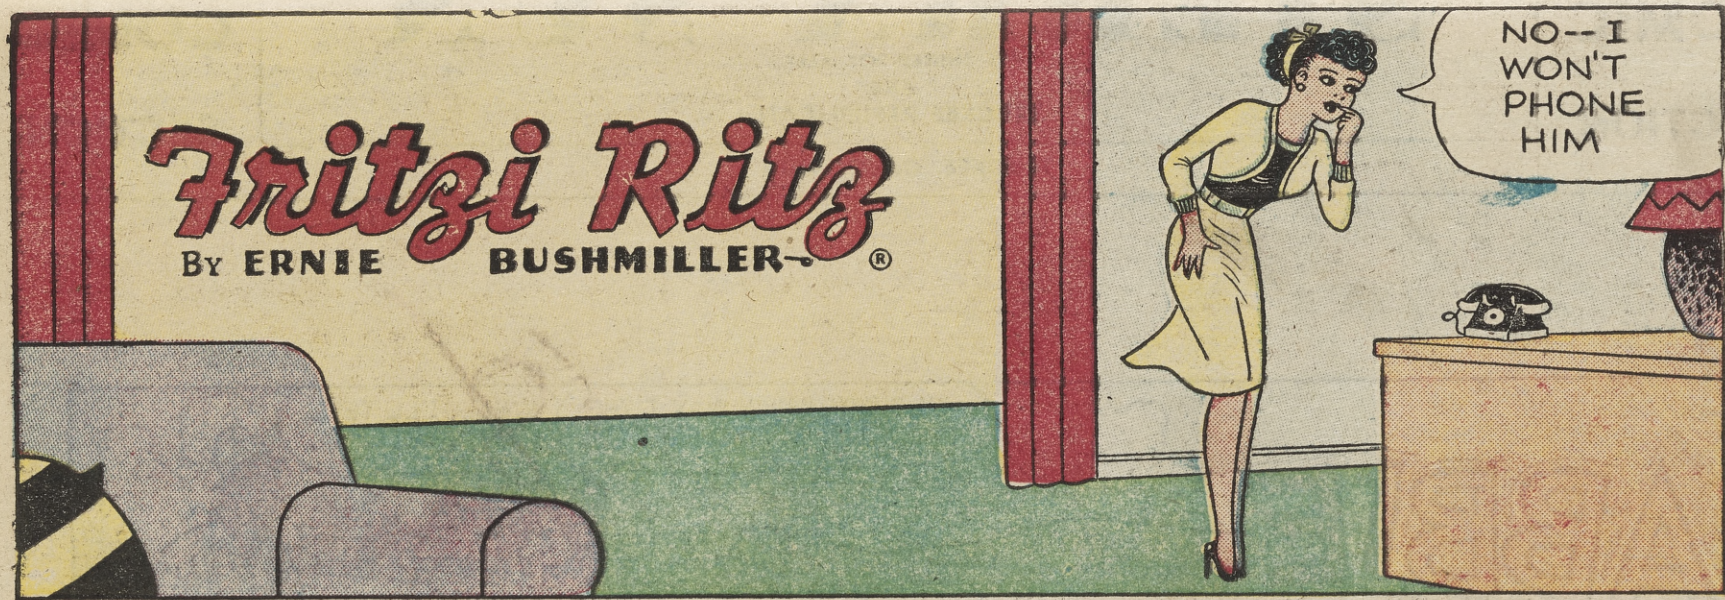

IT (CHUCKLE) DON'T HAVE T' BE FANCY, SON. JUST FIT! THAT'S ALL, JUST FIT!

MORE ABOUT THE FABULOUS BAZOOKA BROWN NEXT WEEK

THAT'S A FINE WAY TO GET OUT OF ALL THE THINGS YOU SAID

OKAY, WILBUR-- PICK ME UP IN FIFTEEN MINUTES AND I'LL BE READY--

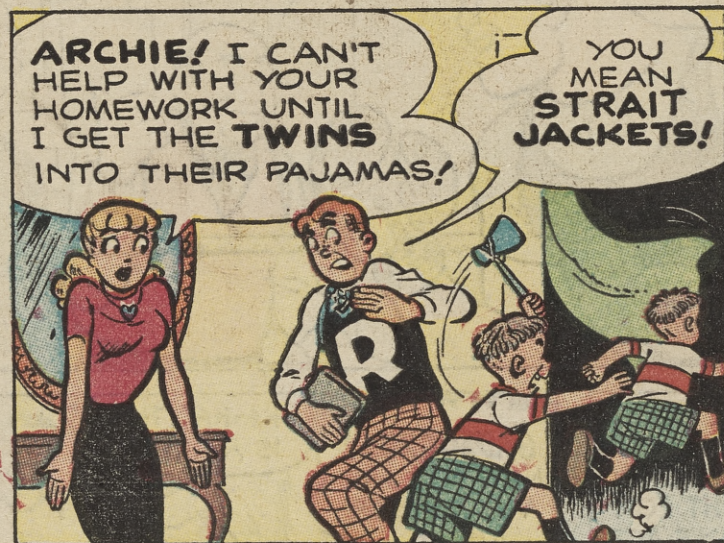

Archie

by BOB MONTANA

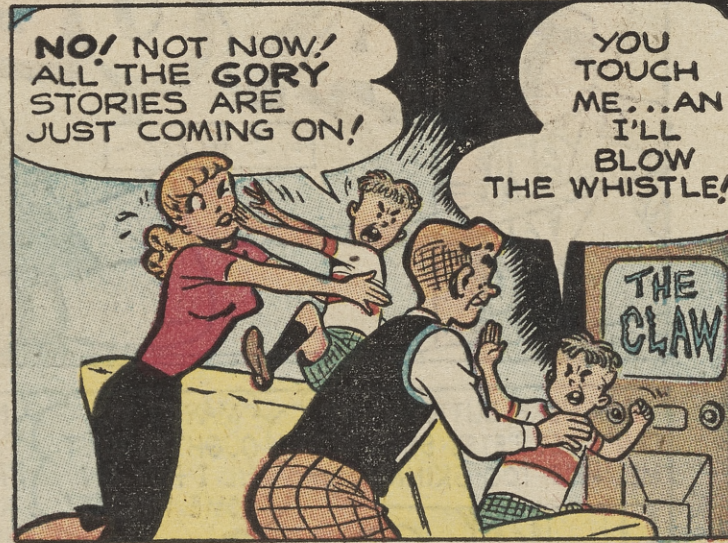

WHAT? ME COME OVER WHILE YOU'RE BABY SITTING FOR THOSE JUNGLE "JUVIES"?

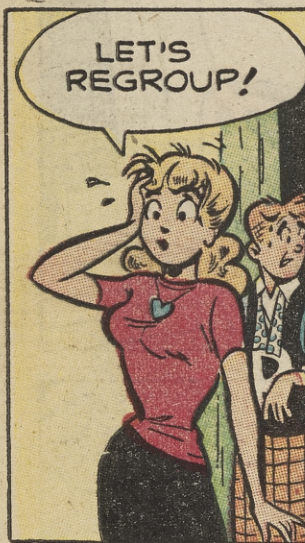

ARCHIE! I CAN'T HELP WITH YOUR HOMEWORK UNTIL I GET THE TWINS INTO THEIR PAJAMAS!

YOU MEAN STRAIT JACKETS!

NO! NOT NOW! ALL THE GORY STORIES ARE JUST COMING ON!

YOU TOUCH ME... AN I'LL BLOW THE WHISTLE!

LET'S REGROUP!

TO GET THOSE TWINS TO BED WILL TAKE CHILD PSYCHOLOGY!

WHAT'S THAT? ANOTHER NAME FOR A LEAD PIPE?

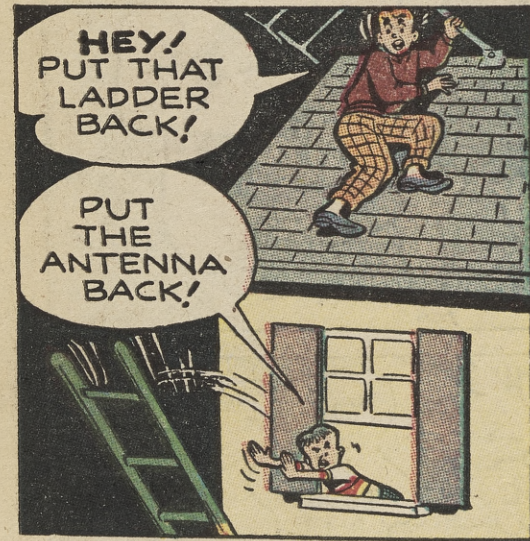

HEEEY!! WHAT GIVES??

TRY ANOTHER CHANEL! RIGGLE THE ROTOR!

OBOY! LET'S TAKE THE SET APART!

WAIT! I SMELL A RAT... WITH A BIG R ON HIS SWEATER!

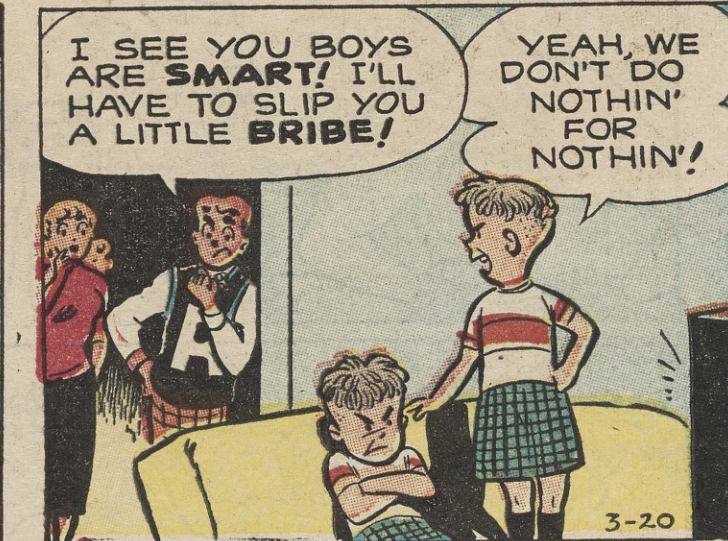

HEY! PUT THAT LADDER BACK!

PUT THE ANTENNA BACK!

WELL, THAT DIDN'T WORK!

I SEE YOU BOYS ARE SMART! I'LL HAVE TO SLIP YOU A LITTLE BRIBE!

YEAH, WE DON'T DO NOTHIN' FOR NOTHIN'!

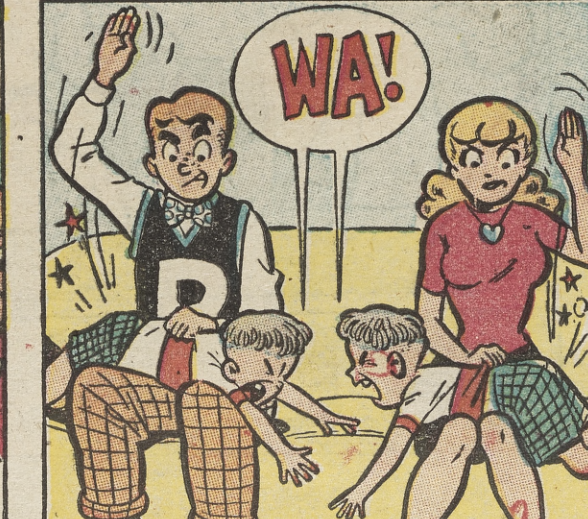

LOOK! I'LL GIVE YOU SOMETHING YOUR FOLKS NEVER LET YOU HAVE... IF YOU GO TO BED!

OBOY! WAIT!

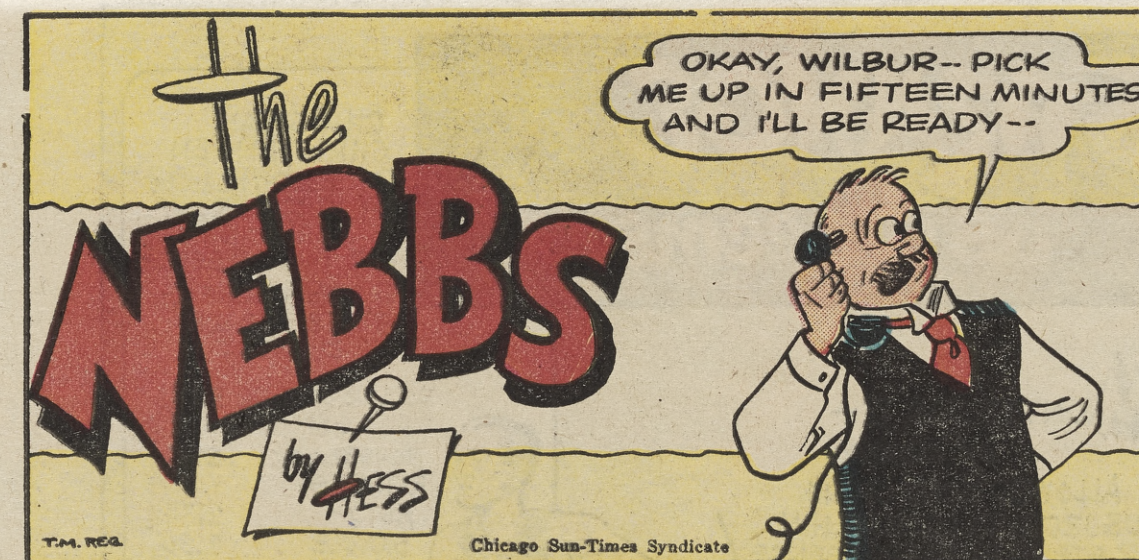

IT'S A DEAL! ONLY GIVE IT TO US FIRST, THEN WE'LL GO TO BED!

OKAY!

WA!

OKAY, WILBUR-- PICK ME UP IN FIFTEEN MINUTES AND I'LL BE READY--

THAT'S A FINE WAY TO GET OUT OF ALL THE THINGS YOU SAID YOU'D DO TODAY--

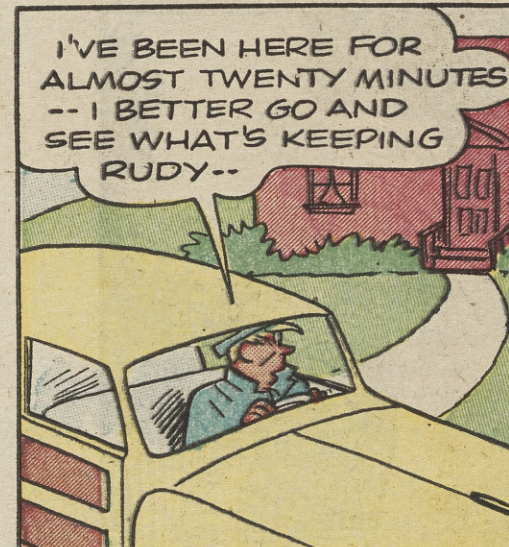

WHAT, FOR INSTANCE?

YOU PROMISED TO FIX THE FAUCET, REWIRE THE LAMP AND HANG SOME PICTURES FOR ME-- AND INSTEAD YOU'VE TOLD WILBUR YOU'LL GO OUT WITH HIM IN FIFTEEN MINUTES--

3-20-55

I'VE BEEN HERE FOR ALMOST TWENTY MINUTES -- I BETTER GO AND SEE WHAT'S KEEPING RUDY--

DON'T TELL ME YOU DIDN'T PLAN THIS DATE WITH WILBUR ON PURPOSE--

IT'S TOO STORMY IN THERE FOR ME-- I'LL WAIT IN THE CAR TILL IT BLOWS OVER--

WELL-- THAT SOUNDED LIKE QUITE AN ARGUMENT-- AND YOU DIDN'T SEEM TO GET A WORD IN EDGEWISE--

THAT'S WHAT YOU THINK-- THIS IS ONE TIME I ACTUALLY HAD THE LAST WORD--

REALLY? HOW DID THAT HAPPEN?

APOLOGIZED!
